

TODAY'S RACING DIGEST: Del Mar – September 1, 2012

www.todaysracingdigest.com

Dear Digest Readers,

For those of you who might have missed it, we are producing Digests for every track in the country. You can buy the Data Lines for every race from Assiniboia Downs to Zia Park. And, we do complete Digests for the major meetings: Saratoga, Gulfstream Park, Belmont, Aqueduct, Keeneland and Churchill Downs. We've added the Monmouth summer meeting, too. All of these editions are available for download and we continue to publish hard copy for Southern and Northern California.

If you are in Las Vegas and aren't getting the Digest delivered to your race book, contact your race book manager and ask for them to begin carrying the Digest for you.

Our goal is to help you make informed betting decisions on a daily basis and strive to offer a handicapping lesson in every issue.

Today's Racing Digest FAQ

What is Today's Racing Digest? For over 40 years Today's Racing Digest has specialized in California racing, producing handicapping information in both a Southern and Northern California issue in print and on-line at www.todaysracingdigest.com. Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

What makes Today's Racing Digest different from other racing publications? The Digest offers many features that cannot be found in other horseracing publications. Features such as track bias, Pace Ratings, which measure early speed, and a "paper race" called the Fractional Charting which compares each horse in today's race based on a representative past performance. A page dedicated entirely to workout analysis has always been a popular feature, along with "Hot & Cold" trainer reports, a Claim Box report for owners and trainers, and our Better-Than-Looked List, which highlights horses exiting troubled or exceptional performances.

What are Data Lines? A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

Does the Digest offer performance ratings or speed figures? Today's Racing Digest prides itself in offering numerous performance figures for the handicapper. Pace and Final Time Ratings can be found at the end of each Data Line and are the most popular. The Pace Rating measures early speed, while the Final Time Rating assigns a figure for the final time. The Digest also offers the CPR (Comprehensive Performance Rating) and FIRE Number, ratings which take into account each time recorded in the race and put it all together in one number. Noted handicapper/writer Tim Osterman also contributes the Fast Figs, which are a speed and class figure all in one.

Where can I find a copy of Today's Racing Digest? Today's Racing Digest can be purchased at every major track in California, as well as major satellite facilities. The Digest is also sold at selected retail outlets throughout the state, and is usually available 24 hours before first post. For a location nearest you or for the number of your local distributor, please call (760) 603-8800. The Digest, along with a stable full of simulcast handicapping information, can also be purchased on-line at www.todaysracingdigest.com. On our web-site you can purchase all issues of Today's Racing Digest for tracks across the country at a discount in price and selections from our stable of handicappers. There are also numerous "free" areas, such as the Daily Money Plays, Feature Races, and Week In Review, which provides commentary on all the previous week's races. Give it a look. We think you'll like what you see.

TIM OSTERMAN'S FAST FIGS

Today's Racing Digest has been producing performance figures for over 25 years and have most recently introduced our newest figure, the **FIRE Number**. However, there are other sources for such numbers and we are proud to now offer **Tim Osterman's FAST FIGS**. Osterman, a fixture in the California Handicapping scene for the last 20 years will provide a **'FAST FIG'** for each horse. This rating is a combined class/performance figure based on the horse's overall effort and the strength and level of the fields faced. Horse's scoring within FIVE points of the top figures should be considered contenders in today's race. If a horse's rating is following by a (+) it means a horse may be ready to improve on today's figure. Generally, a plus (+) is potentially worth an additional FIVE points. Runners rated 'X' are either first-time starters, shippers from a new circuit, comebackers off more than four months or horses that simply could not be assigned a reliable rating.

STEVE FIERRO'S RACEDAY USA BETTING LINE

Today's Racing Digest now features a betting line. A betting line is the second quarter of a complete handicapping/investing process. The betting line is applied following contender selection. This is outlined in Steve's book *"The Four Quarters of Horse Investing"*.

PLEASE READ THE ITEMS LISTED BELOW

The betting line is simple and easy to use. It is designed to point out the value opportunities in a race.

Here are the recommendations or "best way" to use the betting line:

1. The top contender is offered at odds higher than listed on the betting line (overlaid). This is the strongest feature of the betting line.
2. If two contenders are overlaid, start at the top. The contender listed closest to the top is the play. If the two are above 8/1, play them both.
3. If three contenders are overlaid the race is a pass. The race is chaos and long term this is a losing situation.
4. Legitimate favorites: If the betting line lists the top contender at 3/2 or less and the betting public sends this contender to post at 3/2 or less, this race must also be passed. This is a strong contender. The other contenders become "false overlays" because of the heavy action on the "legitimate" favorite. They do win, but long term they pay far too little to produce a profit.

Exotics: The betting line is a "win oriented" service. It is an excellent tool in constructing doubles, Pick 3's, and 4's, from a value standpoint.

DEL MAR - September 1st, 2012

1st race

Cayambe	2/1
Megaride	3/1
Cook Inlet	7/2

Mullins off the claim is the angle I will use to kick off the eleven-race card. His new runner is Cayambe. Fair odds will not be a problem.

2nd race

Wednesday	5/2
Villano	5/2
Fiftyshadesofhay	3/1

We are looking at three well-bred debut runners in the three contender spots in this race. Any of the three would be a decent play if they were to head to the gate above the betting line.

3rd race

Muny	9/5
Lime Rickey	3/1
Huntingman	4/1

This type of turf claiming race is what I have dubbed Mitchellville for a number of years. Muny is proof of that. A repeat win today would not be a surprise.

4th race

Kettle Corn	2/1
Midnight Interlude	5/2
John Scott	4/1

Kettle Corn has been competing against Graded Stakes runners. The move to this type of Stakes race places him in the top contender spot.

5th race

Citizenship	2/1
Sarach	3/1
Perfectamente	7/2

Citizenship has worked well at both Hollywood and over this course. This Baffert trainee should be ready to roll in this debut race.

6th race

Vaundell	5/2
Blue Jay Attack	5/2
Five Star David	3/1

This is another race where I will count on the toteboard more than usual. I need it to separate the three listed runners for the final betting decision.

7th race

Code West	9/5
Greeley Awesome	5/2
Cinco De Mario	5/1

Code West looks like a nice stretch out play. He makes career start number two today.

8th race

Starry Skies	8/5
Avarooskie	3/1
With A Miracle	5/1

The drop to this level places Starry Skies in the top spot. He may head to the gate as a mini-overlay.

9th race

Executiveprivilege	7/5
Beholder	3/1
Mechaya	6/1

No doubt Executiveprivilege is the one to beat. I cannot play with or against him (win or lose) at the price that will be offered. On to race ten.

10th race

Shadow Runner	9/5
Press Baron	7/2
Trucial State	7/2

Former Calder shipper Shadow Runner posted a nice win in his first local start. They move up the ladder to try for a three-peat trip to the winner circle.

11th race

Boo Who Who	5/2
California Roll	5/2
Miss Bold Topper	3/1

I am certain I will not have to look past Boo Who Who in this one to see a price that will send me to the window. I am expecting a double-digit price to be hanging on the toteboard.

RACE APPRAISAL

ANALYSIS: We're going to go with the strong trainer/jockey combo, and **Cayambe** in the opener. **Cayambe** hasn't had the cleanest of trips recently, and he finished 2nd when dropped into a \$10,000 claiming sprint Aug 10. Mullins red-tagged him that day, and he's facing a field that isn't all that strong on paper. He's our HF 15a. **Cook Inlet** woke up when dropped to the \$10,000 claiming level Aug 18. He won that day, and could easily parlay that into a repeat trip to the winner's circle with these. **Megaride** was a close 3rd with \$10,000 claimers when claimed by Hess Jr.

July 29. He beat \$16,000 non-winners of two June 7, and appears capable of making another impact with these. **Green Secret** is a comebacker from Turf Paradise that tops the charting, but we have our doubts he's ready to run to his best off five works since July 31 in his first synthetic route.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Green Secret :26.5 - Megaride :26.7

HORSE COMMENTS

Cayambe finished 2nd sprinting with \$10,000 claimers Aug 10, a race in which Mullins claimed him from Victor Garcia. He was routing vs. tougher before that, and we do like the new trainer/jockey combo. We'll count him a threat.

Domonation is a sprinter that was claimed from Sadler off a poor showing with \$20,000 claimers July 27. His previous sprints with tougher were good, but dropping off the claim and a bad effort is a concern, while two turns is also a question mark.

Sir Hamilton is another sprinter that lost his jockey at this level July 18 and stopped after a half mile with \$10,000 foes Aug 1. Sutherland abandons ship, and we will too.

Cook Inlet beat \$10,000 claimers Aug 18, although he was aided by a L2/O2 bias. The big drop in class seemed to help, though, so perhaps he can keep it going with a one-level jump back up the class ladder.

Hip shipped in from Kentucky and never got untracked in a sprint with this kind July 28, a race in which he was claimed from Keen. He will be tried in blinkers, but has a lot to prove based on his recent form here and in Kentucky.

Megaride was claimed from Euron when a close 3rd with \$10,000 claimers July 29. He charts well off his June 7 win, and could return to that form for Hess Jr. He's not without a look.

Fire Break finished 4th in a terrible \$16,000 Starter Aug 4 and was overmatched vs. restricted \$32,000 claimers Aug 15, both races on the turf. He was 3rd with this kind on the main track July 18, so maybe he can rebound for a share. Maybe.

Green Secret has not raced since daylighting \$16,000 claimers on the grass at Turf Paradise Feb 19. He's worked five times since July 31, but we're not sure he can run as well today as his numbers might suggest

RACE APPRAISAL

ANALYSIS: We have to start with **Imwiththeblonde** and **Kinz Funky Monkey**. The former finished 2nd debuting with this kind Aug 10. He tops the charting in faster than par time for the level, so the first-time starters will really have to have their running shoes on to prevail first time out. Make **Imwiththeblonde** the HF 15. **Kinz Funky Monkey** blasted off to a big nine-length lead after a half mile and understandably tired late to get nailed at the wire. A couple of things usually happen with this kind. One, they ration their speed a bit better and forget to stop, or, two, that big effort takes a lot out of them and they fade badly the next time out. We could

really see either happening, so proceed accordingly. Baffert has a fast-working first-timer (**Fiftyshadesofhay**) entered, while **Wednesday** has been working strongly for Gaines, and also merits tote and post parade checks. Finally, if '**Funky** Monkey sets a fast pace and our top choice gets caught up in the battle, the race could fall apart late. **Villano** looks like she might be bred for more distance, but could be the type of rookie that could take advantage of a fast early/slow late pace. We'll throw an HF 20 on **Villano** for those looking to gamble.

HORSE COMMENTS

Majestic Jewel is the fourth foal of her dam and a full-sister to Evening Jewel (\$1.2 million). She's worked nine times since June 21 for a barn that has had a strong meet with rookies. We'll watch the betting for more clues, although she could be prepping with her stablemate Imwiththeblonde appearing a strong threat.

Harlan's Trick ran to long odds debuting with this kind Aug 10. We'll have to watch another.

Imwiththeblonde set the pace and tired a bit late when 2nd in her debut with this kind Aug 10. The race tops the charting in faster than par time for the level, so she's the one to beat.

Wednesday a \$70,000 yearling, is the ninth foal of her dam and four winners including a couple six-figure earners. She's worked 10 times since May 19 and her last two five-furlong works suggest she has some ability.

Rhodium finished 3rd against male \$80,000 Maiden-Claimers Aug 23, and that technically makes her down in class. We're not really buying that in the 2-year-old division, and the charting suggests she'll need to improve to beat these as well.

Kinz Funky Monkey has already outperformed her daddy (funny (or sad) if you know the story of The Green Monkey) when just missing with this kind Aug 11. She raced out to a nine-length lead after a half mile, but got

nailed at the wire in a race that really didn't earn a strong Final Time Rating. She could be tough to catch if she rations that speed better, though.

Renee's Queen was no threat with this kind in a turf route Aug 8 after running 4th in a sprint Stake July 14. She was 2nd in her debut with this kind June 28, too, so she could contend now that she seems spotted correctly.

Villano is the 13th foal of her dam and kin to seven winners, including four six-figure earners. She's worked 10 times since July 2, and worked 112 and change Aug 18. From a breeding standpoint, she might need more distance.

Fiftyshadesofhay a \$175,000 yearling, is the second foal of her dam and kin to a minor winner. She's worked seven times since July 4 and drilled 112 and change from the gate Aug 15. As with most Baffert rookies, she certainly rates attention.

Target Engaged will add blinkers after a modest debut effort with this kind Aug 10. Given the field, we're going to have to watch another.

Cavalla a \$44,000 2-year-old, is the second foal of her dam and the first is a non-winner. She's worked 10 times since June 7, but we're willing to watch one if she scratches in.

RACE APPRAISAL

ANALYSIS: Betting against anything Midwest trainer Dallas Keen has started at this meet has been a good strategy as the barn is currently 0-for-29. Of course, if they were ever going to get off the schneid, then **Lime Rickey** would be the horse to do it. He's been no worse than 2nd in six straight and has been the runner-up with Allowance foes in both of his starts at the meet. Still, taking low odds on a horse from a snakebit barn is something we try to avoid. **Muny** likes this turf course and tops the

charting off his win over restricted \$32,000 claimers June 15. He could keep it going and will get the HF 15a once again. **Imponente Purse** was 3rd behind **Lime Rickey** in that Aug 19 Allowance and could make an impact, while **Huntingman** ran 5th in that Aug 19 heat. He's down in class for his second off the claim for Miller, and might be worth an HF 20 look. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Lets Do It :35.1 - Imponente Purse :35.6 - Unusual Jazz :35.8

HORSE COMMENTS

Unusual Jazz won a bottom-level Allowance three starts back, but has been no factor in his last two, including a Cal-bred Allowance rated one-level lower than these. He'll need a form reversal, but did win the last time he raced at nine furlongs.

Huntingman hasn't threatened in three U.S. starts, most recently a bottom-level Allowance Aug 19. He jumped out to a big early lead in that last race before getting passed in the stretch by a couple of these. We can't rule him out at this level, but the odds would have to be inviting.

Imponente Purse (BRZ) rallied for 3rd behind Lime Rickey in that common Allowance race Aug 19. He just missed the last time he raced for this tag June 29, too, so he seems capable of making a big impact.

Muny beat equally-rated restricted \$32,000 claimers when stretched out Aug 15. He's won two of three on this turf course and that last win tops the charting. Count him a contender.

Lime Rickey has finished 2nd in both of his starts at the meet with Allowance foes, including when beating a few of these in that Aug 19 common race. He's been no worse than 2nd in six straight, and would appear the Keen barn's best chance to finally get a winner at the meet.

Colledimezzo beat \$16,000 non-winners of two sprinting on the main track June 19. His last route wasn't as good, though, and he's facing much tougher while trying turf for the first time. We'll watch one.

Memem (IRE) came off a 10 month layoff and ran to long odds vs. bottom-level Allowance foes Aug 18. He'd be a big surprise even with the drop to this level.

Skattle Seattle was claimed out of a restricted \$12,500 claimer at Pleasanton July 8, and finished 4th with No-Cal Allowance foes Aug 4. He seems overmatched with these.

Let's Do It just missed with this kind April 21, but his two starts since haven't been nearly as good. He'll need a form reversal to be a factor.

RACE APPRAISAL

ANALYSIS: This race came across as a restricted Stake, but we certainly don't see any restrictions in the conditions. **John Scott** and **Kettle Corn** finished 2-3 in the Grade II San Diego Handicap July 28 and look like the obvious main threats. John Scott had a two-race win streak over Allowance foes snapped in that Grade II, but he's very sharp and should be on or near the front throughout. **Kettle Corn** is no slouch, though, having finished in the money in four straight Graded Stakes, and he could get more pace help today to help him turn the tables on **John Scott**. In a

tough call, we're going to give the slight nod, and the HF 15a, to **Kettle Corn**. The other runner we'd consider is **Midnight Interlude**. He prepped in a turf route July 25, his first start in nine months. He's trying synthetic for the first time, but did win the Grade I Santa Anita Derby last year, so he once had the ability to handle this kind. He could show it again today.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Holladay Road :24.2 - Kettle Corn :24.7 - John Scott :25.1

HORSE COMMENTS

Tres Borrachos has been toiling with Graded Stakes company since July of last year. He was unable to defend his title in the Grade II San Diego Handicap when finishing behind a few of these July 28, and his recent races have been sub-par. The drop in class could help, but can he turn the tables on John Scott and Kettle Corn?
Kettle Corn was edged out for the place spot behind John Scott in the Grade II San Diego Handicap July 28. He's finished in the money in five straight Graded Stakes, and looks like a big threat at this level.
Midnight Interlude has been racing on the grass and was 4th when coming off a nine-month layoff in the Wickerr July 25. It's odd he's never raced on synthetic, but he did win the Grade I Santa Anita Derby on dirt last year, and could be worth a look in his second on the comeback trail.
Holladay Road was 3rd in a Grade III on the grass April 27, and 4th in a State-bred Stake on the turf July 22. He won a Cal-bred Allowance on this

main track last year, but we're not sure the 7-year-old is classy enough to beat this field.

Spud Spivens won a mid-level Allowance May 27, but then was just outgunned in the Grade I Hollywood Gold Cup July 7 when beaten by Kettle Corn. We're going to limit him to minor award consideration.
John Scott beat Allowance foes in two straight and then just missed in the Grade II San Diego Handicap July 28. He beat a couple of these that day and should be prominent throughout today. He could be the one to beat.
Positive Response ran poorly in a high-line Allowance sprint July 26. He was racing in No Cal before that, and was Dq'd from a win in a Grade III May 28, so perhaps he can compete with these around two turns. The poor race over the course concerns, though.

FIRE NUMBER – FIRE stands for Final Race Equation and it's a true velocity rating that accounts for a horse's speed during the 'entire' race, not just his final time. We developed the FIRE number with every tool available to us. The projected FIRE number for each horse can be found in the top section of each race under the column headed FIRE NUM. This is the figure to which the horse is projected to run TODAY! Additionally, we print up to 10 FIRE numbers for each horse in the Data Lines (beginning with the horse's most recent race - look for **LAST 10 FIRE**). First-time starters and foreign horses will be marked with an 'X'; lightly-raced horses who seem better than the FIRE number would suggest will get a '?', read this last symbol as 'capable of improvement'.

RACE APPRAISAL

ANALYSIS: The mini charting is dominated by **Secret Motive**, who was a solid 3rd in her debut with this kind Aug 19. She should improve with racing, too, as Julio Canani hasn't had a debut winner since 2010. She's the one to beat and will get the HF 15a. Of course, this race is loaded with rookies from good barns, and any one of them could be a runner.

Perfectamente doesn't have eye-catching works, but she must have impressed somebody in March to fetch \$385,000 as a 2-year-old purchase. She's from a barn doing very well with rookies and she has strong win-early breeding. **Pure Indy** is from a barn that has had three of

four rookies at this meet finish in the money, including a winner. She has a solid work tab and could offer value at the windows. **Exchange Student** didn't show much in her debut with this kind Aug 10, but she was just 5/2 that day. Proctor is having a strong meet and we've seen some second-time starters pay off big at this meet already. Let's make **Pure Indy** and **Exchange Student** HF 20's, and then see what they offer on the tote. **Citizenship** has Baffert and Bejarano in her corner, so she obvious has to be given a look, while **Miss Sweet Afleet** shows a sharp blowout from the gate and also could come out running.

HORSE COMMENTS

Perfectamente a \$385,000 2-year-old, is the first foal out of a dam that was a router. She's worked eight times since June 7, and likely is much better than the works indicate given that high purchase price in March. Sadler has had a strong meet with rookies, too.

Miss Sweet Afleet a \$47,000 2-year-old, is the fifth foal of her dam and kin to a couple minor winners and one non-winner that has earned \$100,000+. She's worked 10 times since May 9 and blew out sharply from the gate Aug 29. Mora has been doing a great job filling in for the suspended Doug O'Neill, too.

Sarach is the fourth foal of her dam and the first three are minor winners, two of them in France. She's worked 11 times since May 25, but might want more distance given her breeding.

Secret Motive finished 3rd debuting with straight Maidens Aug 19. That's a strong debut from a barn that hasn't had a first-timer win since 2010. She could improve with racing and looks like a solid threat.

Pure Indy a \$195,000 2-year-old, is the sixth foal of her dam and kin to four winners, one of which earned \$100,000+. She's worked eight times since July 9, and this barn has had three of four rookies at the meet finish in the money including one winner. She could offer value today.

Citizenship an \$80,000 2-year-old, is the eighth foal of her dam and kin to four winners including a debut winner in Argentina. She's worked 13 times since May 12, and you always have to respect a Baffert/Bejarano first-time starter.

Exchange Student never threatened debuting with this kind Aug 10. We've seen some second-time starters blow up the tote board at the meet, and Proctor is having a strong Del Mar.

Torreyana is the second foal of her dam and the first is a minor winner. She's worked eight times since July 20, but others look more likely to us.

Uniformly Yours a \$60,000 yearling, is the 11th foal of her dam and kin to seven winners that includes a couple six-figure earners. She's worked eight times since July 1, but would be a surprise for a barn that doesn't fire with rookies.

Controlled Chaos was claimed off a distant 2nd debuting with \$50,000 Maiden-Claimers Aug 16. She could improve with racing, but we don't like her in the win slot stepping up to face straight Maidens.

She's a Go Girl was no factor debuting with \$50,000 non-winners Aug 16 and would be a huge surprise vs. these if she gets to run.

RACE APPRAISAL

ANALYSIS: With 11 races on the card, the good thing about the 6th race is it's not part of the Pick-5 or late Pick-4, so you could just take a breather and pass unless you've decided to tackle the Pick-6. We're really not enamored with this \$20,000 claimer, but will go with the charting and make **Vadertore** the HF 15a. He earned a big rating when 4th with \$25,000 claimers Aug 18, and perhaps that rating was legit as the runner-up came back to win. Another we'll give a look to is **Iron Joe T**. He daylighted

\$16,000 non-winners of two Aug 1 when claimed by Spawr, and Del Mar is a course where horses can jump up and repeat. **Privileged** ran poorly with \$40,000 claimers July 22, but has won here and beat \$32,000 claimers May 5. He could rebound. We're going to leave it that. Read the other comments and good luck if you decide to play.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Quietly Mine :23.1 - Blue Jay Attack :24.3 - Vadertore :24.4

HORSE COMMENTS

Vaundell has not raced since running 2nd with Allowance foes in a turf sprint May 13, 2011. He's worked eight times since May 18, but is a bit of a question mark.

Cabo Chico ships down from No Cal with a three-race win streak, most recently when daylighting \$16,000 claimers in a turf sprint Aug 11. He's definitely sharp, but did lose his last two synthetic sprints prior to that winning streak.

Blue Jay Attack has been sprinting on the turf and was 3rd with Cal-bred Allowance foes July 6. He has strong connections and a win on synthetic, so we can't rule him out.

Five Star David beat \$25,000 claimers on dirt at Churchill June 30, but was next to last with \$40,000 claimers here Aug 22. Perhaps the return to this level will help him bounce back.

Dance With Gable just missed with \$16,000 claimers Aug 5. He seemed to improve with the move from turf to synthetic, but that last effort charts near the bottom. Mixed signals in his first off the claim for Craigmyle.

Iron Joe T was claimed off a big win over \$16,000 non-winners of two Aug 1. Horses often are able to make big jumps in class and repeat on this

surface, and he earned a big strong rating in that win. He might have been a timely claim by Spawr.

Quietly Mine finished 4th with Allowance foes in a turf sprint July 20. He was grabbing minor awards with claimers before that, too, so we might limit him to exotics consideration only.

Privileged beat \$32,000 claimers May 5, a race that would make him a big threat. However, he ran terrible with \$40,000 claimers here July 22, a race that would make him a toss out. Which horse shows up today is anyone's guess, but at least he owns a win over the course.

Pack Your Bags showed speed and faded vs. this kind July 27. He was racing in New Mexico before that and has some proving to do.

Swiss Tart was no factor in a \$40,000 claimer Aug 22. He's another coming into this race with suspect form.

Vadertore was claimed out of a Cal-bred Optional \$25,000 claimer July 13, and then finished 4th with \$25,000 claimers Aug 18. That last outing earned a monster rating, and the runner-up has come back to win. We'll make the chart-topper a contender.

For fans of the Pick Six Scramble, simply employ the following strategy with the horses listed on the Quick Pick Page. The requirements are two 'singles' somewhere in the Pick Six. Place your 'singles' in their proper spot and then select three horses in each of the other four races. Label the first three horses 'A,B,C,', the second set as 'D,E,F' the third set as 'G,H,I' and the fourth as 'J,K,L'. Use the following patterns to build your nine \$2 tickets. In this example our 'singles' are in legs 2 (s1) and 4 (s2) of the Pick Six.

RACE APPRAISAL

ANALYSIS: Only three of these have run beyond six furlongs, so there is plenty of guesswork required. Over the years, Bob Baffert has used between eight and 10 works in his debuting sprinters, especially those who were being prepped to fire first time out. When the work tab is longer, it's generally a sign that the horse is a route type. **Code West** debuted after 13 works, was slow into gear, and rallied smartly to gain the show. He's

returned with two sharp works and this full brother to a 2-yr Stakes winner seems ready to shine. **Cinco de Mario** outfinished **Lawyer Gabe** and **Indycott** in an Aug 15 turfer, but that was his third career start. **Gabe** was a close-up 5th who was one-paced down the lane. He may have more room to improve. **Irish Surf** and also-eligible **Forest Boy** are both bred to route and **Greeley Awesome** may try to steal this and is the upset threat.

HORSE COMMENTS

Irish Surf is out of a Grade 1 router and his dam is a route sire, too. He still doesn't get Lasix, though, and this may be another prep. The two longer works since raced should have him fitter, though.

Lawyer Gabe is related to five six-figure earners and the bulk of their wins came in routes. He debuted at a mile on the grass and ran on to split the field while beaten less than four lengths. He's better bred for the main track. Count him 'in'.

Prince Telemachus gets blinkers and more furlongs after getting outrun in his Aug 4 debut. He was dead on the board that day and, though he's worked twice since raced, seems likely to need another race. He is a half-brother to \$2M-earner Proud Citizen, so there is some pedigree power.

Cinco de Mario is one of two starters in the lineup with three starts in the books. He beat Lawyer Gabe home by a couple of lengths in that Aug 15 turfer. He's an exotics threat again.

Greeley Awesome is from the same barn as neighbor 'Mario and is stretched out and fitted in blinkers after setting the pace and holding on OK vs. expensive Maiden-Claimers Aug 17. He could take some catching.

Indycott gets blinkers after basically trailing throughout in that Aug 15 turf route. He was dead on the board that day, but has returned to work fast eight days later. Improvement seems likely, though Mandella does not use one of his regular riders.

Code West has had Baffert step up his work load since his run-on-late

Aug 12 sprint bow. He's bred to route and this full brother to 2-year-old Stakes winner Charitable Man figures to look much improved.

Tates Humor was no threat in his first two sprints, but Harty races his stock into shape. Better is possible.

Divo basically trailed throughout in his Aug 4 sprint debut, a race in which he took no betting action. He shows three works since raced and can only do better.

Dirty Swagg is sent long following three sprints and was one-paced late in the last two. His numbers are soft, but he's bred to route and the extra distance might help.

Money Cannon debuted for \$62,500 Aug 17 and surged late to be relatively close at the wire. He's bred to get a middle distance and is related to a pair of route winners.

Stephen's Pride also exits that Aug 17 Maiden-Claimer and split the field while beaten less than three lengths. The fact that the field was so bunched at the end suggests that it was not a great heat. This one is bred to run, though his lone sibling is a sprint winner.

Visualization gets blinkers after running to long odds in his Aug 18 debut. He's bred in spades to route (his dam was a multiple route winner) and he's back relatively quickly.

Forest Boy showed speed in his July 28 debut and tried to rally from far back in start #2 Aug 18. This \$270,000 March purchase has worked once since raced, fits on class, and may appreciate the extra distance.

*** DIGEST POINTERS ***

Common Handicapping Factors (HF's) used in Today's Racing Digest

While picking winners is everybody's #1 goal, not everyone likes to spend the entire day pouring over a bunch of stats and figures that are about as easy to understand as a calculus exam. So, how exactly can you get a decent grasp of who the main contenders are in each race, and still have time to down a few refreshments and catch some rays? We here at Today's Racing Digest just may have the answer, as we identify both the contenders and the pretenders with what we refer to as Handicapping Factors. Listed below are the most common

HF's that you will find in the Digest, and if you have trouble finding where these figures are listed, just look up at the top of each race page and you'll locate them in Column 8, which appropriately enough is entitled 'Handicapping Factors'. Good luck, and if you win, just consider it dinner on us.

HF 2: This is a horse that we feel is about as close as you can get to a 'sure thing'. The price likely won't be great, but if you just want a winner, this is the number to look for.

HF 15: This number goes to horses that look like a winner, and are extremely likely to hit the board (i.e. run first, second or third). More often than not, horses with a 15 designation will earn you enough money for a hot dog, but if you happen to see a 15 attached to a horse that is 3/1 or better on the tote board, then he's a pretty good 'value' bet as well.

HF 15a: The most common of the Digest 'push' factors, this number basically means that the handicapper likes this horse, but not as much as an HF 2 or HF 15. Basically, the horse has a good chance to win, but please don't bet your rent money on the win end.

HF 20: The longshot play. This popular number designates a runner we feel may be ready for a winning effort at odds that are likely to be 6-1 or higher. It's not as high a percentage of a play as the other HF factors, but the reward more than justifies the risk when they win.

HF 19: We use this number to point out horses who should show improvement in today's race.

HF 21: Certain horses entered in a race may have run well under similar conditions. When you see a 21, that means the horse seems to fit well in that race.

RACE APPRAISAL

ANALYSIS: The Late Pick 4 starts off with a wide-open affair, though our percentage for winning favorites suggests that circling the post-time favorite on your ticket is a very viable option has favorites have an historical win rate of better than 50%. **Starry Skies** is bred to handle a synthetic surface and nearly won the \$300,000 Melair when stretched out and switched to the main track at Hollywood Park April 28. She's been freshened up since running 3rd as the odds-on favorite in a June 2 turf route. She's trained OK for her return and, though a Cal-bred, may well be the class of the field. **Hot Affair** has had a hard time staying on the track,

but figures to show her zip from the rail in comeback start #2, and may prove the speed of the speed at a distance that favors those with zip. Those two will share top billing. Also-eligibles **Blackie's Crown** and **Cayanna** are both capable of making an impact, while **Miss Oops** loves to win and should get another good trip from the outside. **Blushing Martha** earned a good mark beating soph claimers July 20 and the return to Polytrack makes her upset material.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Starry Skies :23.7 - Cayanna :23.8 - Avarooskie :24.0

HORSE COMMENTS

Hot Affair came off a 53-week layoff to be a distant 2nd under these conditions Aug 11. She's had trouble staying on the track, but can improve with recency and she may prove the speed of the speed. Catch her to win?.

Avarooskie won her debut in the mud at Santa Anita last November and didn't resurface until tried on the grass here Aug 22. She's back quickly after losing her best chance at the break and her debut win suggests that she may show speed on the stretch-out.

Not to Notty came off the bench to control a moderate pace to beat \$25,000 NW2 types July 19. She's been off since then, but gets a confident class hike and has worked fast of late. She can improve.

Solar Wind made her first start of the year vs. this kind July 21, ran into severe traffic troubled and was eased late. None of her previous races suggest that she can win.

You Can Dream was a distant 3rd in that July 21 affair and returned to trail the field home Aug 11. The 6-year-old would be a surprise.

With a Miracle was wearing front wraps while showing speed on the main track, but they came off when she was switched to the grass in her last two, races in which she didn't show speed. She split this kind July 26 and was 2nd on the main track May 27, too. That makes her a solid fit on class, but where she will be early in the race is hard to predict.

My Brite Caroline was no threat to this kind Aug 11, her first start in 11 months. The Cal-bred got close to this kind April 14, though, and can improve. Her DMR record is a negative.

Starry Skies is undefeated sprinting, though both wins came in downhill turf sprints for Cal-breds at Santa Anita. Freshened three months, she returns late in the meeting and might be prepping for Santa Anita. Still,

she just missed in a Cal-bred route Stakes April 28 and she may hold a class edge on many of these.

Self Preservation was shortened up vs. this kind Aug 11, her second start of the year, and ran on to split the field. Bejarano takes over and he may fit her nicely.

Dancingtothestars scored back-to-back Cal-bred wins and edged Self Preservation for 3rd Aug 11. She's in good from and is capable of making an impact.

Blushing Martha beat \$32,000 sophs on this main track July 20 when claimed July 20. She returned a month later in an Aug 22 turfer and rallied to be a close-up 4th. Her number returned to her previous sub-120 norm. That makes her a fit and her claiming win plots on top. However, that claiming win seems a fluke, but perhaps she really loves this layout. She's got odds-beating potential.

Miss Oops was claimed out of a June 24 win for \$12,500 and jumped up to beat \$32,000 claimers in fast time here July 19. Lopez then brought her back for \$20,000 Aug 12 and the drop off the win was not a postive. She was outfinished late to end up 2nd after surging to the lead into the stretch. She was claimed again and has won nearly 40% of her 26 career starts. She likes this strip and can't be counted out.

Blackie's Crown gets a chance on the Polytrack after checking in 3rd with this kind on the grass Aug 1. She's run well over a variety of surfaces over the years and figures strongly.

Cayanna makes her first start of the year. She beat this kind on the grass when last seen Dec 8, ran OK here in 2011 and 2010 and capped her works with a fast drill Aug 24. She's got tactical speed and plots strongly on paper.

RACE APPRAISAL

ANALYSIS: Bob Baffert knows what to do with a good 2-year-old and the connections of **Executiveprivilege** will be on their way to recovering their \$650,000 investment if she runs her record to 4-for-4 as the Charting predicts. She has excellent tactical speed, continues to train forwardly and she should get a dream trip from the outside. She's the one to beat yet again, but do note the 23.7% success rate for favorites. It reminds that 2-yo fillies are capable of taking big leaps forward (and backward), so our HF 15 might not be the best 'single' on the card. Peter Miller sends out three runners. He ran **Heir Kitty** and **Miss Empire** vs. the boys in the Grade 2 Best Pal and saw them check in 2-3. **'Kitty** stalked the pace and ended up lapped on the winner, while **'Empire** rallied from far back to complete the Trifecta and may appreciate the extra distance. He also saddles **Speedinthruthcity**, who was 2nd to the HF 15 in her last two,

got closer at 6-1/2 furlongs Aug 8 and may do even better today. She may prove the most dangerous runner from the Miller barn. **Mechaya** and **Beholder** exit Maiden wins over this surface. The former looked very sharp winning her Aug 10 debut and has trained forwardly since raced. She may have the most room to improve with will leapfrog the others to take down HF 15a status. The latter filly was no match for **Executiveprivilege** in her June 28 debut, but moved forward to win her second start July 22 and has trained well since then. The half-sister to Grade 1 winner Into Mischief has upset potential.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Wasted at Midnight :37.4 - Miss Empire and Mechaya :38.1 - Executiveprivilege :38.6

HORSE COMMENTS

Heir Kitty beat stablemate Miss Empire home while showing better tactical speed when they took on the boys in the Grade 2 Best Pal Aug 5. Both ran well enough to suggest that they can win this and the Charting puts her close.

Pat's Back flashed improved zip to set the pace and beat Maidens here in her second start. This trip is not as speed-favoring as the 6F races, but a win over the track is a plus and she doesn't figure too far back.

Miss Empire is the only filly with four starts in the books and the late-runner may well appreciate the added distance. She figures close and may be finishing fastest of all after checking in 3rd in the Best Pal.

Speedinthruthcity is the third and final entrant from the Miller barn. She was 2nd in the Grade 3 Sorrento Stakes Aug 8, the second consecutive race in which she chased paper-race winner Executiveprivilege home. She got closer last time and today's extra half furlong may work to her advantage.

Wasted At Midnight gets blinkers after losing all chance at the break

debuting Aug 5. She rallied smartly to split the field and is odds-beating material. The rider change is hardly a positive, though.

Mechaya stalked the pace and made short work of her foes debuting as the bet-down favorite Aug 10. She's twice worked well since raced and this 7F trip should be up her alley.

Renee's Titan was purchased privately from her owner/breeder after going wire-to-wire to win her June 21 debut. She shows no works since pressing the pace and fading late in the Grade 3 Sorrento Stakes Aug 8. That doesn't seem like a great sign, but it was an improved effort. Watch the betting.

Executiveprivilege is perfect after three starts and either of her last two Stakes wins would plot on top. She blistered six furlongs here last Sunday and would seem on top of her game still.

Beholder was a short horse in her June 28 debut, a race won by neighbor 'Privilege, but returned to daylight Maidens here July 22; making her one of four next-out winners from that June 28 race. Her works since raced are solid and she may take another leap forward.

RACE APPRAISAL

ANALYSIS: **A Toast To You** has won four of his seven starts and the Cal-bred knocked off open Allowance turf sprinters July 20 before running up the track in the \$200,000 Real Good Deal Stakes for Cal-breds. He beat Cal-bred Allowance stock on the stretch-out at Hollywood Park, is back around two turns and may be able to control the pace, especially if the field remains as drawn, as he is drawn outside **McAllister Boys**, the other PER Column 7 'P' runner in the lineup. He can either keep that one honest or simply make the early running. Either way, the win type rates top billing. One can make too much of jockey switches, but Gomez opts off the HF 15 to stick with **Shadow Runner**, whom he guided to victory on this layout July 21. He's ridden 34 horses for Miller in the last six months and has had just three mounts for Machowsky. Gomez has won twice with

A Toast To You, too, which makes his choice particularly interesting.

'Runner has now scored back-to-back turf wins and looms a threat from well off the pace. **Trucial State** was outfinished by **'Runner** when 2nd July 21, but is dangerous. **Buffalo Billy** was competitive with Allowance stock in his first five stateside starts and figures very much in the hunt with this move to the claiming ranks. **McAllister Boys** is up in class, but has won on the grass and is another four-time winner. **Full Dancer** disappointed as the favorite when sent long on the lawn vs. softer Starter types Aug 12, but was too far back of a moderate pace. He gets a more aggressive rider today and is the upset threat.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Buffalo Billy :22.5 - Full Dancer :22.7 - Shadow Runner :23.1

HORSE COMMENTS

Muchos Besos came off an eight-month break to prep in a July 29 sprint. He's bred to get a middle distance and may find himself closer to the pace on the stretch-out. Better is likely and he's related to four turf winners.

Deal' Em ran well for \$25,000 in two starts off the claim for Carava and is bred to adore the grass. His two previous turfurs were decent. He may be underrated on paper.

Full Dancer failed as the favorite when stretched out as the favorite in an Aug 12 Starter Allowance. That was his first on turf and he was hurt by a slow early pace. The more-aggressive Talamo takes over. He can upset.

Press Baron (GB) is out of the Allowance ranks after stalking the pace and weakening late July 20. He plots close off that one and the class change should help. Count him 'in'.

Shadow Runner made it back-to-back turf wins when winning his first start for Machowsky July 21. He was one of three winners out of his June 14 score over \$16,000 NW2 types, has trained steadily since his local win, including a fast 5F move Aug 20, and the Charting gives him first look.

McAllister Boys nipped Deal 'Em for \$25,000 on the main track Aug 19 and won on the grass at Golden Gate in April. He figures to be in a stalking position and may handle the hike in class.

A Toast To You found Stakes sprinters too tough Aug 3 and the Cal-bred finds himself back up for sale after beating state-bred Allowance stock

May 11 and open Allowance turf sprinters here July 20. He won for this May 3 and this seems like a very realistic move for a win-type with limited Stakes potential. Interestingly, Garrett Gomez, who was up for his last two wins, sticks with Shadow Runner today even though he rides far more horses for Gomez than Machowsky.

Trucial State is back on the grass and put back up for after regressing on the main track Aug 12. He was 2nd to Shadow Runner on this layout July 21 and Bejarano takes over. He's a contender.

Buffalo Billy (IRE) has nibbled with Allowance stock in his five U.S. starts, so this move to the claiming ranks is sensible. He plots strongly and figures to be running on late.

Rintoo is switched to turf for this first start as a winner, but would not significant improvement to get the money.

Very Unusual has the speed to lead and beat Full Dancer home when 2nd vs. Starter types Aug 12. He's found a home on the grass and may hang on gamely again if a starter, as he would have Lone 'F' potential.

General Causeway was overmatched on the grass Aug 12, but was competitive for \$25,000 July 6 and might improve on the drop. The numbers don't bode well for him, though.

Berlusconi is a non-winner whose July 15 2nd with expensive Maiden-Claimers does OK on paper. He's got exotics potential.

RACE APPRAISAL

ANALYSIS: Two attract the eye as potent win threats and another half dozen or more have what it takes to participate in the Superfecta. The key horses are **California Roll** and **Frank n' Teddy**. **'Roll** was a solid 3rd in an identical event Aug 4 when running as a comebacking second-timer. She's got tactical speed, ran well from the outside last time, and plots on top by daylight. She's the HF 15. **'Teddy** made a mid-race move before being eased debuting as the favorite Aug 15. She could look much improved and the odds should inflate a bit. She's the gambling HF 15a. **Cupid's**

Bling and **Speedy Vixen** figure close on paper. **'Bling** is back sprinting while risked for less than her Aug 3 purchase price. She can rebound after showing speed on the stretch-out Aug 16. **'Vixen** is stuck on AE list, but improved to be 2nd with this kind Aug 15 after chasing our HF 15 home Aug 4. She seems to like this oval. **Miss Bold Topper**, **Silver Luna**, and **Molokini** are among those that could hit the board. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Silver Luna :31.4 - Robyn On the Go :31.8 - Country Soul :32.0

HORSE COMMENTS

Miss Bold Topper is a 5-year-old making her first start in over six months. She's up for sale, but there will likely be no takers even though she's finished in-the-money in three of her last four. The front-wrapper merits Tri consideration again.

Cupid's Bling flashed speed when stepped up to face no-tag types and sent long Aug 16, her first start off the claim. She's risked for less than her \$30,000 purchase price, but plots close off her Aug 3 show-dough run. She's a contender.

Country Soul is another from the Mora/O'Neill shedrow. She raced closer to the pace when splitting a similar group in her second start Aug 15 and may move forward again.

She Can Roar is a 5-year-old that was a distant 2nd Aug 5. She finished two heads in front of neighbor 'Soul that day, possesses chasing speed and is making her third start following a year's layoff. She's Tri material again.

Silver Luna has finished in-the-money in four of her last four and figures close enough to keep her streak alive. A win would be a bit of a surprise, though.

Jaded Mystery is a 5-year-old that gets blinkers and a return to sprinting on the main track. She's dropped to the bottom, too, and the changes can only help.

Robyn On the Go ran to long odds in her first two and the 6-year-old is HF 86 material.

Quiet Sunshine got close when fitted in blinkers June 15 and they return after she failed to improve without them Aug 8. Part of us wants to say, "So..."

Frank n' Teddy made a solid mid-race move and stopped as the bet-down 5/2 favorite when claimed out of her Aug 15 debut. She's back at the same level, has worked once since raced and Mitchell is always dangerous off the claim. Pop-and-stop second-timers can be good plays, too. Beware.

Molokini flashed big speed off the claim Aug 10, but was eased when it counted. She can improve, though speed is less effective at this trip than at the 6F she tried last time.

California Roll ran well as a comebacking second-timer when drawn outside Aug 4 and should move forward in a big way with recency. She lots on top and is the one to beat.

Boo Who Who beat her odds when 3rd with this kind in comeback start #2 Aug 18. That was her second in blinkers, too, and she doesn't figure too far back.

Naughtical (GB) is a fit off her June 14 U.S. bow routing on the grass at Golden Gate, but her recent stuff leaves much to be desired.

Speedy Vixen was second best under these exact conditions Aug 18 after splitting the field behind California Roll Aug 4. Her numbers have spiked on this strip. Give her points if she starts.

KNOW YOUR DIGEST BETTER

HORSES FOR COURSES: The record, if any, for previous years at this track in the type of race to be run will be given in the comments.

HANDICAPPING FACTORS (Column 8) are used to save the amount of reading and the amount of space that would be necessary to relate these common yet important considerations (see Track Variants and HF's page for definitions.)

TRACK BIAS

Race tracks play differently every day due to weather, normal maintenance, etc. Sometimes the track seems to favor no particular running style and no part of the track seems better than another. That's not always the case, though, and trip handicappers have long made their money by noting whether the track favored one type of running style or another and then following the horses that ran 'against the bias'. We divide track bias into two types on the main track. There are running style biases in which either horses with speed, we call them Front Runners in this table, or no early speed, Late Runners, have an advantage. There are also days when the rail is better than the outside and vice versa. These biases run from moderate to strong to dominant. We will code the biases as follows: 1= Moderate, 2= Strong, 3 = Dominant. The strong and dominant biases deserve the most attention. In turf racing, we report the position of the auxiliary rails, as 'rails UP' can promote speed. The strong and dominant biases deserve the most attention. On turf, we report the position of the auxiliary rails, as 'rails UP' can promote speed.

HANDICAPPING FACTORS

(Column B on each race page contains the following numbers that refer to these factors.)

- FIRST TIME STARTER** - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.
- LIVE HORSE** - It appears this horse is ready for a top performance.
- DISTANCE CAPABILITY** - This distance may present a problem for this horse.
- EQUIPMENT CHANGE** - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.
- TROUBLE PRONE** - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly, etc. This one seems to be that type.
- WEIGHT** - This horse is carrying enough weight to cause a problem.
- WEIGHT** - This horse is carrying little or less weight. It may be an advantage.
- INSIDE POST POSITION** - This inside post position may cause a problem for this horse at this distance.
- OUTSIDE POST POSITION** - This outside post position may cause a problem for this horse at this distance.
- PACE** - The probable pace or speed in the early part of this race may not be suitable to the racing style of this horse.
- HIGHER CLASS** - This horse is being tried at a higher level.
- LOWER CLASS** - This horse is being tried at a lower level.
- FEMALE vs. MALE** - Since it usually takes a better-than-average female to beat an average male, there could be a problem here.
- FOREIGN RACES** - Previous races for this horse were out of this country. It is difficult to appraise them.
- RELEASED FROM CLAIMING JAIL** - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').
- WORKOUTS** - Horsemen vary in their training methods and horses vary considerably in their requirements for conditioning, hence, while workouts give some indication of a horse's fitness, they can be greatly influenced by the training methods being employed. Therefore, reliance on the speed of workouts may be dangerous, as may be the case here.
- IN-THE-MONEY** - This horse appears to have all the elements suitable for an in-the-money performance.
- IN-THE-MONEY** - This horse appears to have most of the elements suitable for an in-the-money performance.
- LONG LAYOFF or RECENCY** - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
- LEG WRAPS** - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
- AGE** - The age of this horse is not consistent with that of his competition. A young horse against mature horses or a particularly old horse against younger horses may be at a disadvantage.
- IMPROVING** - This horse seems to be improving or should improve in this field.
- LONGSHOT** - Some indicators that are present when horses surprise with a good performance at high odds are noted.
- FITS RACE** - This horse seems to fit this race.
- FITS RACE** - This horse seems to fit this race except for class.
- FITS RACE** - This horse seems to fit this race except for the distance.
- FITS RACE** - This horse seems to fit this race except for a lack of recency.
- CONDITIONS HORSE** - The conditions for eligibility are ideal for this horse.
- WORK READY** - Previous patterns and/or special circumstances make recent works very important here.
- SURFACE** - The type of surface for this race may not suit the horse.
- BETTING** - If the betting on this horse is heavier than expected contention is likely.
- VETO** - There is no justification for a win to be expected.

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and, FBH indicates a Foreign-bred horse. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old is the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one is the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, FW=front wraps, 4W= four wraps,
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horses last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times run by horses at today's particular class level.
29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances.
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3rd the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done sprinting or routing over today's surface. We also list the overall record on the surface whether it is sprints or routes.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board"). The " " indicates the horse was the post time favorite.
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track pars and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, pars and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).
