

TODAY'S RACING DIGEST: Saratoga Park – September 1, 2012

www.todaysracingdigest.com

Dear Digest Readers,

For those of you who might have missed it, we are producing Digests for every track in the country. You can buy the Data Lines for every race from Assiniboia Downs to Zia Park. And, we do complete Digests for the major meetings: Saratoga, Gulfstream Park, Belmont, Aqueduct, Keeneland and Churchill Downs. We've added the Monmouth summer meeting, too. All of these editions are available for download and we continue to publish hard copy for Southern and Northern California.

If you are in Las Vegas and aren't getting the Digest delivered to your race book, contact your race book manager and ask for them to begin carrying the Digest for you.

Our goal is to help you make informed betting decisions on a daily basis and strive to offer a handicapping lesson in every issue.

Today's Racing Digest FAQ

What is Today's Racing Digest? For over 40 years Today's Racing Digest has specialized in California racing, producing handicapping information in both a Southern and Northern California issue in print and on-line at www.todaysracingdigest.com. Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

What makes Today's Racing Digest different from other racing publications? The Digest offers many features that cannot be found in other horseracing publications. Features such as track bias, Pace Ratings, which measure early speed, and a "paper race" called the Fractional Charting which compares each horse in today's race based on a representative past performance. A page dedicated entirely to workout analysis has always been a popular feature, along with "Hot & Cold" trainer reports, a Claim Box report for owners and trainers, and our Better-Than-Looked List, which highlights horses exiting troubled or exceptional performances.

What are Data Lines? A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

Does the Digest offer performance ratings or speed figures? Today's Racing Digest prides itself in offering numerous performance figures for the handicapper. Pace and Final Time Ratings can be found at the end of each Data Line and are the most popular. The Pace Rating measures early speed, while the Final Time Rating assigns a figure for the final time. The Digest also offers the CPR (Comprehensive Performance Rating) and FIRE Number, ratings which take into account each time recorded in the race and put it all together in one number. Noted handicapper/writer Tim Osterman also contributes the Fast Figs, which are a speed and class figure all in one.

Where can I find a copy of Today's Racing Digest? Today's Racing Digest can be purchased at every major track in California, as well as major satellite facilities. The Digest is also sold at selected retail outlets throughout the state, and is usually available 24 hours before first post. For a location nearest you or for the number of your local distributor, please call (760) 603-8800. The Digest, along with a stable full of simulcast handicapping information, can also be purchased on-line at www.todaysracingdigest.com. On our web-site you can purchase all issues of Today's Racing Digest for tracks across the country at a discount in price and selections from our stable of handicappers. There are also numerous "free" areas, such as the Daily Money Plays, Feature Races, and Week In Review, which provides commentary on all the previous week's races. Give it a look. We think you'll like what you see.

SARATOGA FRACTIONAL TIME COMPARISONS

Today's Racing Digest

Shown below is the order of finish that would be likely if each horse repeated a representative race. There are many reasons why this may not happen. Foremost of these is that, like humans, horses have good and bad days. Also, today's race may differ from the representative race due to changes in the post position, weight carried, class, track, surface, pace characteristics etc. Nevertheless, plotting and studying times from previous performances is a basic part of handicapping. If the representative race was not on a normal track, the times shown have been adjusted by the track variant applicable. The underlined fractions indicate the leader(s) at that particular point in the race. Except for the LF = Last Fraction, which indicates the fastest closer(s). X = No recent or available time at or about the distance. The date of the selected, representative race is shown followed by a number indicating how many races back it was.

RACE APPRAISAL

ANALYSIS: **Thunderous Lady** needs to draw in, but she was claimed out of her win vs. restricted \$50,000 turf routers off the bench Aug 16. That tops the charting, that was only her second start and Castellano rides back. **Thunderous Lady** is one HF 15a. The other goes to **Zultanite** who has raced against Graded Stakes foes in her last three starts. She showed little in her last start July 21, but her numbers prior to that are easy to like and she has a right to rebound with the drop back to this level under Dominguez. **Scenario Analysis** has won three of her last four starts and charts for a share off her last win vs. \$50,000 Starter Optional Claimers

July 26. She makes her third start off the layoff and may not be done improving. **Inny Minnie** enters this fresh and was 3rd in her last start in a Grade 3 dirt route Feb 25. She finished 2nd in a pair of turf sprints over this course last year and Johnny V. is back to ride. Watch the betting. **Island School** has had her chances and seems best used in the exotics only.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Zultanite :21.8 - Island School :22.7 - Decennial :22.8

RATING PERFORMANCE

A horse's performance can be rated in any number of methods, from final time to pace. The Digest offers four performance ratings: The FIRE number, our newest rating, the Pace and Final Time Ratings, found in each horse's Data Lines; and the CPR, our original performance figure. For all of these ratings, the higher the rating, the faster the horse is. Here's a quick rundown on what each rating figure means:

FIRE: The FIRE number is a figure based on a horse's speed through the whole race. This number is based on a 100 par, where our other figures are based off a 150 par.

CPR: The CPR is based on a horse's final time rating, as well as his relative early position in the race. The CPR, with its pace Component built in, tends to favor horses with a good mix of speed and stamina. If, a frontrunner and pace-presser were to deadheat for the win, the pace-presser would likely earn the better figure. And, since pace-pressers tend to win more than their fair share locally, this bias works well in California.

PACE RATING: The pace rating measures early speed by comparing each horse's early fractions against our track pars. This is a good separator when judging the likely pace of a race.

FINAL TIME RATING: This measures a horse's final time against our track pars, with the daily track variant factored in. A horse equaling the track par for the distance would earn a 150 Final Time Rating. Three points are deducted for each length slower than par.

RACE APPRAISAL

ANALYSIS: Ambit was a troubled 2nd in a like event Aug 9. He plots within range off his near miss at this level July 13 and has now finished in the Exacta in four straight. If Ambit has clear sailing, he could prove tough to hold off as the HF 15a. Reserve Currency was claimed out of his 4th at this level July 21, then finished 2nd vs. restricted \$25,000 turfers Aug 13. That plots for a share and he should appreciate the drop back to this level. Sam's Buck finished 5th in a highly-rated like event Aug 18. That charts close and he won his previous start vs. NY-bred straight Maidens Aug 18. He seems to like this course and we'll mark him a

contender. Winter Now set the pace and tired to 4th vs. restricted \$50,000 turfurs Aug 13. That co-tops the charting and if he can handle the expected pace pressure he could hold on for a long time at this level. Knock Rock returns to his winning 130 RCL after two starts against higher-rated restricted claimers. He is usually on or near the lead early and the numbers suggest he will hang around until the end this afternoon. CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Sam's Buck :28.8 - Springcourt and Rocky World :29.3 - Rover and Acadian Blues :29.5

METHOD HORSE II

An approach to isolate the contender in each race.

1. Draw a line through all scratched horses in the top section of the Digest race page.
2. Award 10 points to all horses with a COLUMN 4 score that is 10 points higher than the Race level shown in the heading for each race.
3. Note the top 3 high scores in COLUMN 6. Award 8 points for 1st (and ties). 5 points for 2nd (and ties); and 3 points for 3rd (and ties). Be sure to eliminate the scratched horses before awarding points.
4. If there is only one "F" ("Lone F") in PER COLUMN 7, award 5 points.
5. The following Handicapping Factors in COLUMN 8 receive points:
HF 2 = 15 pts.
HF 15 = 8 pts.
HF 15a = 4 pts.
HF 20 = 4 pts.
HF 21* = 2 pts.
* - Assign no points for HF 21c, 21d or 21r.
6. Fractional Chart Order of Finish: (First line under each race table).
1st (and ties) = 10 pts.
2nd (and ties) = 6 pts.
3rd (and ties) = 3 pts.
"Too many unshowns" award no points.
- If necessary, refer to the Fractional Time Comparisons page in the front of the Digest for the complete fractional chart order of finish to determine complete point totals.
7. In case of ties, split contenders in this method:
A. Prefer the horse with the highest ratings in Col. 6.
B. If still tied, prefer the high score in Col. 5.
C. If still tied, prefer the contender with the highest number in Col 15.

After tie breakers, the top two horses should be considered solid contenders with the first choice, of course deserving the strongest support. The final betting selection rests with the individual but it is suggested that the novice player stick to the top selection. Although this method will produce a play in every race, advanced handicappers may wish to improve with additional rules (recency, jockey/trainer, price or weight restrictions, for example). Considerations of this sort will limit action somewhat but should also increase long-term profits.

For fans of the Pick Six Scramble, simply employ the following strategy with the horses listed on the Quick Pick Page. The requirements are two 'singles' somewhere in the Pick Six. Place your 'singles' in their proper spot and then select three horses in each of the other four races. Label the first three horses 'A,B,C,' the second set as 'D,E,F' the third set as 'G,H,I' and the fourth as 'J,K,L'. Use the following patterns to build your nine \$2 tickets. In this example our 'singles' are in legs 2 (s1) and 4 (s2) of the Pick Six.

RACE APPRAISAL

ANALYSIS: **Starforaday** makes his return and this seems like a good spot. He owns a good record over this track, tops the charting off his March 28 or Dec 30 efforts and there appears to be some pace to help set up his rally. **Starforaday** is the HF 15a. **Stormin Bud** finished 4th off the bench vs. NW2 Optional Claimers at Monmouth July 20. He takes a steep drop in class today and he has good early speed. Better seems possible

with recency and he won his lone sprint over this track last year. **Flying Pegasus** co-tops the charting off his 2nd in a like event Aug 9. That was a good rebound off his 6th June 6 and another good effort could be on tap. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Starforaday :24.9 - King Rock and Overextended :25.1 - Coffee Boy :25.6

HF EXPLANATION

(Column 8 on each race page contains the following numbers that refer to these factors.)

1	FIRST TIME STARTER - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.	15a	IN-THE-MONEY - This horse appears to have most of the elements suitable for an in-the-money performance.
2	LIVE HORSE - It appears this horse is ready for a top performance.	16	LONG LAYOFF or RECENCY - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
3	DISTANCE CAPABILITY - This distance may present a problem for this horse.	17	LEG WRAPS - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
4	EQUIPMENT CHANGE - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.	18	AGE - The age of this horse is not consistent with that of his competition. A young horse against mature horse or a particularly old horse against younger horses may be at a disadvantage.
5	TROUBLE PRONE - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly etc. This one seems to be that type.	19	IMPROVING - This horse seems to be improving or should improve in this field.
7	INSIDE POST POSITION - This inside post position may cause a problem for this horse at this distance.	20	LONGSHOT - Some indicators that are present when horses surprise with a good performance at high odds are noted.
8	OUTSIDE POST POSITION - This outside post position may cause a problem for this horse at this distance.	21	FITS RACE - This horse seems to fit this race.
9	PACE - The probable pace or speed in the early part of this race may not be suitable to the racing characteristic of this horse.	21c	FITS RACE - This horse seems to fit this race except for class.
10c	HIGHER CLASS - This horse is being tried at a higher level.	21d	FITS RACE - This horse seems to fit this race except for the distance.
10d	LOWER CLASS - This horse is being tried at a lower level.	21r	FITS RACE - This horse seems to fit this race except for a lack of recency.
11	FEMALE vs. MALE - Since it usually takes a better-than-average female to beat an average male, there could be a problem here	22	CONDITIONS HORSE - The conditions for eligibility are ideal for this horse.
12	FOREIGN RACES - Previous races for this horse were out of this country. It is difficult to appraise them.	23	WORK READY - Previous patterns and/or special circumstances make recent works very important here.
13	RELEASED FROM CLAIMING JAIL - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').	24	SURFACE - The type surface for this race may not suit the horse.
15	IN-THE-MONEY - This horse appears to have all the elements suitable for an in-the-money performance.	25	BETTING - If the betting on this horse is heavier than expected contention is likely.
		86	VETO - There is no justification for a win to be expected

FIRE NUMBER - FIRE stands for Final Race Equation and it's a true velocity rating that accounts for a horse's speed during the 'entire' race, not just his final time. We developed the FIRE number with every tool available to us. The projected FIRE number for each horse can be found in the top section of each race under the column headed FIRE NUM. This is the figure to which the horse is projected to run TODAY! Additionally, we print up to 10 FIRE numbers for each horse in the Data Lines (beginning with the horse's most recent race - look for **LAST 10 FIRE**). First-time starters and foreign horses will be marked with an 'X'; lightly-raced horses who seem better than the FIRE number would suggest will get a '?', read this last symbol as 'capable of improvement'.

RACE APPRAISAL

ANALYSIS: Lily The Pink and Conquesta are atop the charting, but they own 15 turf route losses between them and seem best used in the exotics. Flower Mart finished 5th in her debut in a like event July 26. She has a right to move forward with a race under her belt for a barn that does good work with second-timers. Lezcano takes over and we'll give 'Mart the HF 15a. Cerce Cay could receive a good pressing trip and she finished 4th off the bench vs. this kind Aug 20. She figures to be tighter with recency and we'll mark her a contender. Pearl In The Sand finished 2nd vs.

similar in her U.S. debut Jan 14. She didn't show up afterward until Aug 13 where she was no match in a \$100k turf sprint Stakes. Back where she belongs, she could look much improved and seems underrated in the charting.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Pearl In The Sand :28.5 - Lily The Pink :29.3 - Conquesta :29.7

RACE APPRAISAL

ANALYSIS: Isthmus has been freshened since his 4th at this level June 24. He was claimed that day by a crafty stable, won five of his previous seven dirt sprints and has good early speed. Rosario rides this kind very well and we'll give Isthmus the HF 15a. Closerwalk tops the charting off his 4th at this level June 1. He was 4th again over this track July 28 and figures to be a pace factor at the very least. Take Down Two has reeled off three straight and has been claimed in three straight. His numbers are

going the right way and he plots well. Another win would be no surprise. Simba's Story enters this fresh and was 2nd in his last try sprinting vs. this kind May 5. That plots close and his barn does very well with layoff stock. Tab the tote for clues as to his readiness. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Sam Sparkle :24.7 - Closerwalk and Be Bullish :25.5 - Take Down Two :25.6

RACE APPRAISAL

ANALYSIS: **Bay Park Boy** was claimed out of his comebacker when 2nd vs. restricted \$20,000 turf sprinters Aug 8. That plots well, both of his wins were on dirt including one over this track in his debut last year and he has a right to be tighter with recency. The trainer stats are all strong and we'll give **Bay Park Boy** the HF 15a. **A Boy Named Em** just missed off the claim vs. restricted \$25,000 sprinters Aug 13. That was only a five horse field, but he drops in class, shows a rising numbers pattern and charts close. **Flying Masster** tops the charting off his last start when 2nd vs. \$30,000 sophs Jan 20. That race has produced two next-out winners and Castellano takes the call. Watch the betting. **Willy Pay** was 3rd vs.

restricted \$35,000 stock Aug 16. That was his first as a winner and this seems a better spot as the charting suggests. **Windswept Summer** came back a winner at Suffolk Downs vs. straight Maidens Aug 8. It seems encouraging he is shipped here and figures to be a pace factor at the very least. **P J's Magical Wink** is another speedster who was overmatched vs. restricted \$50,000 types Aug 24. He won his previous start by eight lengths and could rebound with the drop to this level. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Willy Pay :31.1 - Flying Masster and A Boy Named Em :31.7 - Rex's Last Tour and Rockstar Life :31.8

RACE APPRAISAL

ANALYSIS: Apex ran well for a Mott first-timer as he showed good early speed and held 2nd at this level Aug 4. He tops the charting, Alvarado rides back and he shows two works since raced. Apex is the HF 15a. Gulfport pressed the pace and finished 2nd in his bow at Churchill Downs June 29. He has to run 2.5 more furlongs today, but Dominguez takes over and he plots well. Micromanage shows a solid string of five furlong works for his debut and the Pletcher rookie attracts Dominguez. Tote and

paddock checks seem in order. El Duro was a distant 2nd in his debut vs. this kind Aug 4. That does well on paper and another good effort would be no surprise. Puget Sound is the first foal out of his millionaire dam to make it to the races. That seems a good sign and a check of the tote couldn't hurt. CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Royal Art :38.2 - Pass The Pico :38.4 - Overwhelming :39.0

RACE APPRAISAL

ANALYSIS: Data Link looks like the one to beat as he tops the charting off his Grade 1 win April 13 and he just beat this kind June 10. He has worked in exceptional fashion for this and his barn has had a good meet with their turf starters. We'll give 'Link the HF 15a. Guys Reward didn't seem to handle a yielding course vs. this kind Aug 11. The ground should be firmer today, though, and he won three straight prior to that including at this level July 1. Bounce back candidate? Prince Will I Am enters this fresh and his last win was in his last start at this level Feb 19. He owns a

win over this course and Dominguez is in the boot. Tab the tote for clues as to his readiness. Queen'splatekitten has been competitive with Grade 3 company as of late and has finished in the Trifecta in all seven turf routes. Give him a look in the exotics for his top connections.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Prince Will I Am :28.0 - Data Link and Crimson China :28.6 - Sky Blazer :28.8

RACE APPRAISAL

ANALYSIS: Shackleford and Jackson Bend did not fire their best shot in their last starts and we would not be surprised to see one or both bounce back today. Shackleford just never got going in the mud along the rail Aug 5, but there is little threat of rain today and he won two straight prior to that including at this trip May 5. That tops the charting and we'll give the colt an HF 15a. Jackson Bend lost for the first time in five starts at seven furlongs when 4th in a Grade 3 July 20. He shows three works since raced, charts well off his previous seven furlong win at this level April 7 and could be the one to fear late as the other HF 15a. Pacific Ocean set

a slowish pace and won a Grade 3 at this trip July 20. He set a fast pace in his win Nov 26, though, and may be able to step up and compete at this level. Jersey Town won a Grade 1 in 2010 and hasn't won since. He was 6th off the bench in that muddy Aug 5 event and maybe his work Aug 26 suggests he will run better this afternoon.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Jackson Bend :35.5 - Pacific Ocean :36.2 - Caixa Eletronica :36.8

RACE APPRAISAL

ANALYSIS: **Mucho Macho Man** bounced back with a win off his 3rd in a Grade 2 May 4 with a win in a Grade 2 July 7. That was his fourth win from his last five starts, he co-tops the charting and Mike Smith is back to ride. We'll give **'Mucho** the HF 15. **To Honor And Serve** threw in a clunker in that July 7 affair. He is a Grade 1 winner, though, and he has the numbers to beat these. He owns a route win over this track and we'll

give **'Serve** the alternate HF 15a. **Stay Thirsty** has won both of his routes over this oval and worked fast Aug 26. He has lost four straight, but his best efforts have been at Saratoga and he could be a late threat.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Gourmet Dinner :38.2 - Cease :38.3 - Stay Thirsty :38.8

For fans of the Pick Six Scramble, simply employ the following strategy with the horses listed on the Quick Pick Page. The requirements are two 'singles' somewhere in the Pick Six. Place your 'singles' in their proper spot and then select three horses in each of the other four races. Label the first three horses 'A,B,C,', the second set as 'D,E,F' the third set as 'G,H,I' and the fourth as 'J,K,L'. Use the following patterns to build your nine \$2 tickets. In this example our 'singles' are in legs 2 (s1) and 4 (s2) of the Pick Six.

RACE APPRAISAL

ANALYSIS: Rudy Rudy Rudy shows a rising numbers pattern and he plots for a share off his 2nd vs. restricted \$25,000 turf sprinters at Monmouth Aug 3. He owns a sprint win over this course, he doesn't need the lead to win and his trainer/jockey duo has been hot of late. 'Rudy' is the HF 15a. Western Tryst returns to sprinting after two routes where he finished 4th in both. He was 2nd in his last turf sprint in a \$75k Stakes June 3 and he won his only other turf sprint. He appears to be a threat. Next Question didn't get to show his early speed as he was wiped out after the break and finished 4th in a similar affair Aug 13. Dominguez takes over today and a clean break could help him rebound today. Countknickerbocker has come around of late and he was 2nd in that Aug 13 affair. He could be an off the pace threat and further improvement

could have him posing for pictures. Sleepy Freud earned his diploma off the bench vs. NY-bred straight Maiden turf sprinters June 17, then was 3rd in a \$100k turf route Stakes Aug 8. He returns to sprinting, drops to his proper level and makes his third start off the layoff. Petey Cramer and Adjournment both finished 3rd in their last turf sprint at this level and have a look while Neatie The Cat tops the charting of those entered for turf off his big debut win vs. NY-bred straight Maiden dirt sprinters Aug 12 and could be dangerous if he handles the turf just as well.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Western Tryst and Charlie's Punch :16.9 - Adjournment :17.1 - Cybertron :17.2

RACE APPRAISAL

ANALYSIS: A wide-open nightcap has us leaving the HF 15a in the barn. **It's Your Dime** seems interesting as she is a speedy stretcher-outer. She was 7th in start #2 vs. similar turf sprinters Aug 3, but that race has produced two next-out winners. Her barn does well enough with the sprint to route move and Velasquez takes the call. **Muhammara** is a rookie out of the Weaver stable. She is a half to a turf winner and she shows two turf works. Weaver has won in each of the last three Saratoga meets with a NY-bred straight Maiden turf route rookie and maybe this gal can keep that streak alive today. **Bunhead** tops the charting off her 2nd in a like event

June 17. Her other three efforts were not quite as good, but she could be a big threat if able to repeat that effort. **Madame Johar** is a proven hanger and probably just rates exotics consideration. **Ampa's Girl** just missed in her debut vs. similar sprinters in the slop Aug 10. Her barn does good work with second-timers, but not so well with the dirt to turf move.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Madame Johar and Mela Dramatically :28.9 - Bunhead :29.2 - Katie Malone :29.6

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and, FBH indicates a Foreign-bred horse. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old is the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one is the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, FW=front wraps, 4W= four wraps,
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horse's last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times run by horses at today's particular class level.
29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances.
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3rd the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done sprinting or routing over today's surface. We also list the overall record on the surface whether it is sprints or routes.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board"). The " " indicates the horse was the post time favorite.
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track pars and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, pars and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).

RACE APPRAISAL

29 ANALYSIS: All six of these plot within less than three lengths at the wire, and they appear about that hard to separate. Looking for a price, we have some interest in Warrens Stormalert as a potential improver. He was ambitiously placed in the Snow Chief Stakes April 25, his first as a winner and first route, and, though he faded toward the rear, the effort figures OK	with these. Low-profile connections should prompt some decent odds, so he's the HF 20 (longshot).
30 CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Green Card James :31.0 - Benezit :31.3 - Troubletimethree :31.	

HORSE COMMENTS

31 Troubletimethree has usually run pretty well in five starts at this level, but was favored in three of them and finished farther back than usual April 15. He charts in the hunt, but he seems to have a bit to prove. NOTES: Outrun April 15. Mild rally March 18. Mild wide rally Feb 19. Lacked racing room entering the stretch Jan 25.	Warrens Stormalert is bred to route, but the April 25 jump up to the Snow Chief Stakes for his first try with winners and initial route was pretty ambitious. He tracked a Lone 'F' leader and faded badly. Still, the effort gives him a shot on paper, so he can't be denied a chance on the drop. NOTES: Wide around the first turn, chased and tired April 25.
