How good are the ProfitLine Rankings?

In a recent study of major and minor tracks covering more than two years of racing, the top ranked ProfitLine horse won an amazing 32.7% of the races. ProfitLine rankings have also proven to be excellent predictors of 2nd, 3rd, and 4th place finishers. You will find ProfitLine a great aid for making winning exotic wagers.

How are the ProfitLine odds calculated?

ProfitLine odds are based on an exhaustive analysis of a multitude of handicapping factors. Speed, class, pace, form, weight, distance, pedigree, trainer, jockey, recency and many more factors of each horse's past performances are evaluated using some of today's most powerful statistical tools and techniques. The end result is an amazingly accurate gauge of each horse's probability of winning.

How should I use ProfitLine?

There are countless ways you can make money using ProfitLine. One recommended approach is to look for 'overlays' among ProfitLine's top5 ranked horses. To identify these potential overlays, simply look for top5 ranked horses whose likely final odds will significantly exceed their ProfitLine odds. The greater (proportionately) a horse's final odds are relative to its ProfitLine odds, the larger the 'overlay.'

- Fair Value Odds. Any Top5 ranked horse whose final odds significantly exceeds their ProfitLine odds should be viewed as offering extraordinary value relative to their estimated win probability -- a great betting opportunity. If a horse is part of an entry/coupling, the ProfitLine odds for the individual horse is provided in parenthesis.
