

TODAY'S RACING DIGEST – SARATOGA – Aug 14, 2010

www.todaysracingdigest.com

Dear Digest Readers,

The Digest has gone national! It's an exciting time for Today's Racing Digest, as we're pleased to announce that the Digest has expanded and is now producing Digests for tracks across the country. This is something that you, the horseplayer, have been requesting and we're proud to be able to bring you the best handicapping information available for whichever track you prefer to play. Currently, tracks outside of California can only be purchased on-line, but in the coming months we hope to bring printed versions to our loyal readers.

In order for the Digest to add coverage for tracks across the country, we needed a new data provider, so some of the features in the Digest may be presented somewhat differently. For instance, we use to abbreviate a Maiden-Claiming race as MDC, but now it's listed as MCL. These are but minor changes and ones we feel you will adapt to rather quickly. And, of course, all your favorite features are still present, including the adjusted running lines, Pace and Final Time Ratings, the Key Race feature, the Fractional Charting and many, many more. We also have a new tutorial feature on our web-site (www.todaysracingdigest.com) that will help you navigate and become familiar with the new layout. Surf on over and check it out.

Of course, such a mammoth undertaking will inevitably suffer from short-term glitches, such as slight problems with the layout, later posting of the files on the Internet, etc. We here at Digest are working diligently to make this transition as smooth as possible and request your patience as we roll out the new and improved products.

Finally, I'd like to take this opportunity to thank our readers for the loyalty they have shown Today's Racing Digest for the past 39 years. These are exciting times at the Digest and we believe you'll be equally enthused about our new Digests for tracks across the country. Happy handicapping!

Today's Racing Digest FAQ

What is Today's Racing Digest? For over 39 years Today's Racing Digest has specialized in California racing, producing handicapping information in both a Southern and Northern California issue in print and on-line at www.todaysracingdigest.com. Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

What makes Today's Racing Digest different from other racing publications? The Digest offers many features that cannot be found in other horseracing publications. Features such as track bias, Pace Ratings, which measure early speed, and a "paper race" called the Fractional Charting which compares each horse in today's race based on a representative past performance. A page dedicated entirely to workout analysis has always been a popular feature, along with "Hot & Cold" trainer reports, a Claim Box report for owners and trainers, and our Better-Than-Looked List, which highlights horses exiting troubled or exceptional performances.

What are Data Lines? A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

Does the Digest offer performance ratings or speed figures? Today's Racing Digest prides itself in offering numerous performance figures for the handicapper. Pace and Final Time Ratings can be found at the end of each Data Line and are the most popular. The Pace Rating measures early speed, while the Final Time Rating assigns a figure for the final time. The Digest also offers the CPR (Comprehensive Performance Rating) and FIRE Number, ratings which take into account each time recorded in the race and put it all together in one number. Noted handicapper/writer Tim Osterman also contributes the Fast Figs, which are a speed and class figure all in one.

Where can I find a copy of Today's Racing Digest? Today's Racing Digest can be purchased at every major track in California, as well as major satellite facilities. The Digest is also sold at selected retail outlets throughout the state, and is usually available 24 hours before first post. For a location nearest you or for the number of your local distributor, please call (760) 603-8800. The Digest, along with a stable full of simulcast handicapping information, can also be purchased on-line at www.todaysracingdigest.com. On our web-site you can purchase all issues of Today's Racing Digest for tracks across the country at a discount in price and selections from our stable of handicappers. There are also numerous "free" areas, such as the Daily Money Plays, Feature Races, and Week In Review, which provides commentary on all the previous week's races. Give it a look. We think you'll like what you see.

RACE APPRAISAL

ANALYSIS: This is a well matched group with no real standouts unless the comebacking **Z Fortune** really takes to the sod in his first try on the green. **Spanish Art** won his way to this class level in just his second start as a winner (June 26) and the late-blooming 4-year-old has a right for continued improvement. He figures close on the raise and lands another HF 15a. **Carson Hall** is down in class while in for the \$50,000 claiming tag for the first time. He has been competitive with better all years and this drop in class gives him a chance to post his first win of 2010. He'll share top billing. **'Fortune** has been away for nearly 14 months and is related to just one turf winner. The NY-bred runner is winless since taking a Grade 3

Stake to start his soph season in 2008. He's trained steadily for his return, but this still looks like an experiment. If he passes this turf test, though, his horizons really expand. **Slambino** plots well, lost all chance at the break July 25 and can rebound. **Compliance Officer** is up in class, but has won three of his last five starts for Pompay and may be this good. **Scatter Talk** ran well when switched to the turf July 2, is just now coming into his own as a router and is longshot material. **Analysis by Rick Lochner**
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Spanish Art :21.7 - Slambino :22.4 - Parc des Princes :22.7

HF EXPLANATION

(Column 8 on each race page contains the following numbers that refer to these factors.)

| | | | |
|-----|---|-----|--|
| 1 | FIRST TIME STARTER - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential. | 15a | IN-THE-MONEY - This horse appears to have most of the elements suitable for an in-the-money performance. |
| 2 | LIVE HORSE - It appears this horse is ready for a top performance. | 16 | LONG LAYOFF or RECENCY - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative. |
| 3 | DISTANCE CAPABILITY - This distance may present a problem for this horse. | 17 | LEG WRAPS - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them. |
| 4 | EQUIPMENT CHANGE - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today. | 18 | AGE - The age of this horse is not consistent with that of his competition. A young horse against mature horse or a particularly old horse against younger horses may be at a disadvantage. |
| 5 | TROUBLE PRONE - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly etc. This one seems to be that type. | 19 | IMPROVING - This horse seems to be improving or should improve in this field. |
| 7 | INSIDE POST POSITION - This inside post position may cause a problem for this horse at this distance. | 20 | LONGSHOT - Some indicators that are present when horses surprise with a good performance at high odds are noted. |
| 8 | OUTSIDE POST POSITION - This outside post position may cause a problem for this horse at this distance. | 21 | FITS RACE - This horse seems to fit this race. |
| 9 | PACE - The probable pace or speed in the early part of this race may not be suitable to the racing characteristic of this horse. | 21c | FITS RACE - This horse seems to fit this race except for class. |
| 10c | HIGHER CLASS - This horse is being tried at a higher level. | 21d | FITS RACE - This horse seems to fit this race except for the distance. |
| 10d | LOWER CLASS - This horse is being tried at a lower level. | 21r | FITS RACE - This horse seems to fit this race except for a lack of recency. |
| 11 | FEMALE vs. MALE - Since it usually takes a better-than- average female to beat an average male, there could be a problem here | 22 | CONDITIONS HORSE - The conditions for eligibility are ideal for this horse. |
| 12 | FOREIGN RACES - Previous races for this horse were out of this country. It is difficult to appraise them. | 23 | WORK READY - Previous patterns and/or special circumstances make recent works very important here. |
| 13 | RELEASED FROM CLAIMING JAIL - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail'). | 24 | SURFACE - The type surface for this race may not suit the horse. |
| 15 | IN-THE-MONEY - This horse appears to have all the elements suitable for an in-the-money performance. | 25 | BETTING - If the betting on this horse is heavier than expected contention is likely. |
| | | 86 | VETO - There is no justification for a win to be expected |

SARATOGA 2010 TRACK PROFILE

RACE APPRAISAL

ANALYSIS: Exley tops the charting off his 6th in his debut at Calder July 17. He moves into the Benzel barn, drops in with NY-breds and a top rider is up. Exley is the HF 15a. D' Sauvage has finished 2nd in both starts including at this level July 24. He will sport blinkers today and a clean break can only help. Private Rules did flash speed prior to fading to 6th in his bow July 24. A fast work Aug 2 seems encouraging, though, and better seems possible. Super Angelo may be the most dangerous of the rookies as the trainer and sire stats are solid, he is a half to a debut winner and Dominguez is in the boot. Watch the betting. First-timer report: Ess Shape is his dam's second foal, his lone sibling is a non-winner and he

has six works since June 18. Quiet Power is his dam's third foal, his lone sibling to win was a debut winner and he shows eight drills since May 31. Brigadier General is the first foal out of his unraced dam with seven works since June 18. Super Angelo (\$9,500 ylg.) is the ninth foal of his dam, a half to six winners including a debut winner, a full to winner Extinguish (\$92,000+) and shows 10 drills since May 2. **Analysis by Jon Shonk**
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Cooks Forest :27.7 - Exley and D' Sauvage :28.0

METHOD HORSE II

An approach to isolate the contender in each race.

1. Draw a line through all scratched horses in the top section of the Digest race page.
2. Award 10 points to all horses with a COLUMN 4 score that is 10 points higher than the Race level shown in the heading for each race.
3. Note the top 3 high scores in COLUMN 6. Award 8 points for 1st (and ties). 5 points for 2nd (and ties); and 3 points for 3rd (and ties). Be sure to eliminate the scratched horses before awarding points.
4. If there is only one "F" ("Lone F") in PER COLUMN 7, award 5 points.
5. The following Handicapping Factors in COLUMN 8 receive points:
 - HF 2 = 15 pts.
 - HF 15 = 8 pts.
 - HF 15a = 4 pts.
 - HF 20 = 4 pts.
 - HF 21* = 2 pts.* - Assign no points for HF 21c, 21d or 21r.
6. Fractional Chart Order of Finish: (First line under each race table).
 - 1st (and ties) = 10 pts.
 - 2nd (and ties) = 6 pts.
 - 3rd (and ties) = 3 pts."Too many unshows" award no points.
- If necessary, refer to the Fractional Time Comparisons page in the front of the Digest for the complete fractional chart order of finish to determine complete point totals.
7. In case of ties, split contenders in this method:
 - A. Prefer the horse with the highest ratings in Col. 6.
 - B. If still tied, prefer the high score in Col. 5.
 - C. If still tied, prefer the contender with the highest number in Col 15.

After tie breakers, the top two horses should be considered solid contenders with the first choice, of course deserving the strongest support. The final betting selection rests with the individual but it is suggested that the novice player stick to the top selection. Although this method will produce a play in every race, advanced handicappers may wish to improvise with additional rules (recency, jockey/trainer, price or weight restrictions, for example). Considerations of this sort will limit action somewhat but should also increase long-term profits.

RACE APPRAISAL

ANALYSIS: This race features four horses coming off layoffs who have all shown ability, but all of them will have to have their running shoes on to deal with **Footcandles**. He has finished 2nd in two of his last three with this kind and tops the Fractional Charting off his July 23 effort. He has a big recency edge over what figures to be his major competition and he could be sitting on another big effort in his third start off the layoff. We'll make him the HF 15a. **Not Macho Any More** won his debut at Belmont last July and was 2nd in a Grade 3 at Monmouth Sept 5 before hitting the sidelines. He's worked seven times since June 27 for this return and merits tote and post parade checks. **Bulldogger** also has started just

twice and hasn't raced since running in So Cal with this kind March 3. He beat straight Maidens by six lengths in his debut at this track last year and has worked seven times since June 18, the first six works on the synthetic in So Cal. We know Baffert can crank them up off a layoff and this one might enjoy the return to Saratoga. **Ziegfeld** hasn't raced since January when running 3rd in her last two starts with this kind. Those were both routes, though, and this sprint could prove to be a prep. **Analysis by Will Clarke**

RATING PERFORMANCE

A horse's performance can be rated in any number of methods, from final time to pace. The Digest offers four performance ratings: The FIRE number, our newest rating, the Pace and Final Time Ratings, found in each horse's Data Lines; and the CPR, our original performance figure. For all of these ratings, the higher the rating, the faster the horse is. Here's a quick rundown on what each rating figure means:

FIRE: The FIRE number is a figure based on a horse's speed through the whole race. This number is based on a 100 par, where our other figures are based off a 150 par.

CPR: The CPR is based on a horse's final time rating, as well as his relative early position in the race. The CPR, with its pace Component built in, tends to favor horses with a good mix of speed and stamina. If, a frontrunner and pace-presser were to deadheat for the win, the pace-presser would likely earn the better figure. And, since pace-pressers tend to win more than their fair share locally, this bias works well in California.

PACE RATING: The pace rating measures early speed by comparing each horse's early fractions against our track pars. This is a good separator when judging the likely pace of a race.

FINAL TIME RATING: This measures a horse's final time against our track pars, with the daily track variant factored in. A horse equalling the track par for the distance would earn a 150 Final Time Rating. Three points are deducted for each length slower than par.

RACE APPRAISAL

ANALYSIS: Toy Indian chased a fast pace and finished 2nd vs. NW2L \$25,000 sprinters July 25. She plots close off that one and today's extra furlong may help along with the drop in class. **'Indian** is the HF 15a. **A Saint Among Us** co-tops the charting off her win May 2. That was her last dirt start as she was 6th on turf June 27 and she makes her third start off the bench. **Jersey Shore Girl** co-tops the charting off her no-threat 3rd vs. Starter Allowance foes June 4. The 'F2' bias likely didn't help her

chances that day and she could look much improved at this level. **Buddy's Dream** was 2nd vs. restricted \$20,000 sprinters Aug 4. She is back quickly, plots close and Prado sticks with her. We would not rule her out. **Analysis by Jon Shonk**
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Jersey Shore Girl :31.0 - Buddy's Dream and Defarge :32.6 - A Saint Among Us :32.7

RACE APPRAISAL

ANALYSIS: Capitalism at Risk has been on a role lately, as she's has won three of her last six starts and is shooting for the hat trick after winning under these conditions July 23. She dominates the charting off that win and lands the HF 15a. Of course, long winning streaks are rare at this level and her previous wins earned much lower marks. Bobbi O. has dangerous speed and is dropped sharply and moved off the turf for her third start for Rudy Rodriguez. She may prove hard to collar and is a viable alternative. No Rhyme or Reason is off the turf and shortened up.

Her numbers compare well and she lands the leading rider. She's the first alternative. Every Little Thing beat this kind going a mile July 14 and plots close off her May 14 sprint (and would figure a length closer had we been able to convert her mile win to a sprint). Night Spirit crushed \$25,000 NW2 types at Belmont June 9, her first start of the year and her lone career dirt sprint. She's a contender. Analysis by Rick Lochner
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: First Flute :38.0 - Night Spirit :38.2

RACE APPRAISAL

ANALYSIS: **Tiz My Time** ran well with straight Maidens in a couple of main-track sprints in April and May, and then she shipped over to England and finished 3rd in the 22-horse Group 3 Albany Stakes sprinting on the grass at Ascot June 18. That was a huge effort and would seem to make her a big threat in this Maiden race, but you really have to wonder about jet lag for a 2-year-old that has 'crossed the pond' twice in less than three months. We'll give her an HF 15a, but likely will try to beat her if she goes off at low odds. She's a play if she goes off at any kind of price. Our other HF 15a is **Sunlight Sonata**, who was favored when a distant 4th in the mud debuting with this kind July 14. She has worked well since and has solid turf route breeding. **Timuquana** and **Dynamic Holiday** are the other experienced runners that merit attention, while **More Than Real**, **High Strider** and **Street Chimes** are the rookies we'll be checking out. **More Than Real** is from a barn that has won with five of 10 first-timers at the meet, while the other two are from the Todd Pletcher barn and bred to

route. **High Strider** gets Pletcher's main rider, has strong turf breeding and a better post than her stablemate. **First Time Starters Report:** **Henny's Hurricane**, a \$40,000 yearling, is the third foal of her dam and the first two are route winners. **More Than Real** is the fourth foal of her dam and kin to a minor winner. **My Sparky**, a \$90,000 2-year-old, is the third foal of her dam and kin to a minor sprint winner. **High Strider**, a \$160,000 yearling, is the third foal of her dam and kin to a minor route winner. **Gulch's Way** is the second foal and the first is a minor turf winner. **Speedy's Gal** is the sixth foal and kin to two minor winners. **Steal The Dance**, a \$335,000 2-year-old, is the third foal and the first two are minor winners including a debut sprint winner. **Flying Vision** is the third foal of her dam and related to Tapitsfly (\$668,000+), who was two for two on the grass. **Street Chimes** is the first foal out of a good route mare. **Empress Of Gold**, a \$330,000 yearling, is the fifth foal and kin to two winners including Chatham (\$156,000+). **Analysis by Will Clarke**

UNDERSTANDING THE HF 2, 15, 15a and 20

The Handicapping Factors (HF's) 2,15,15a and 20 are used by our writers for selection purposes and each HF should be viewed a bit differently. The HF 2 is our strongest endorsement. A Digest writer will assign the HF 2 when he feels a horse is an absolute standout in a race. Usually the favorite, this horse will most often be below 2-to-1. HF 2's can be used as strong singles in the Pick-3 and Pick-6 or as 'keys' in the Exacta and Trifecta. (NOTE: A horse receiving an HF 2 will also automatically get an HF 15). A horse receiving an HF 15 is also considered a strong play and can be used in all exotics wagering. The HF 15a is a bit more complicated as this designation is the writer indicating he likes the horse's chances, but the race is competitive. In a wide-open race when the HF 15a is below 3-to-1, refer to the race analysis for the other contenders or the main threats on our Quick Picks Page. Often times one or two of these contenders will offer more value at the windows and thus represent a better play. Finally, the HF 20 is our longshot. HF 20's go to horses who might not be the most-likely winner, but have a chance and likely will be overlooked by the betting public. Including the HF 20 in the exotics can often lead to a 'Big Payoff'.

RACE APPRAISAL

ANALYSIS: Ritual rallied for 3rd vs. similar turf sprinters as a comebacking second-timer July 3. He is bred to run all day and could be tighter now that he has recency. Ritual is the HF 15a. Baatesh set the pace and tired to 3rd routing in the mud at this level July 24. He has decent turf breeding, the trainer stats are easy to like and Maragh sticks with him. Chairman Now is back on turf off a 2nd in the mud July 24. He just missed in his last turf start June 27 and it may be now or never time for this colt. Jam Session and Fu Pegs Baby are both out of barns that

do well with rookies and both seem to merit tote and paddock checks.

First-timer report: Quintus Sertorius is the first foal out of his non-winning dam with eight works since June 20. Jam Session is the third foal of his dam, a half to a non-winning starter, a full to a three-time winner in Argentina and he shows three drills since July 16. Fu Pegs Baby is the sixth foal of his dam, related to three winners including a debut winner, but no turf winners and has four works since July 8. Analysis by Jon Shonk

RACE APPRAISAL

ANALYSIS: Stay Thirsty is a Pletcher trainee who was second best as the odds-on favorite debuting July 15. The number was solid and he should be much tighter for this. He's hooking a field loaded with quality first-timers, but his previous experience makes him the one to beat. **Derivative** is the other once-raced runner and Lukas's first-timers do poorly. This one followed suit, but blinkers go on and he may beat his odds. Looking at the newcomers, **Brock** cost \$2.3M this winter and Asmussen has put some steady drills into him. However, he is a likely underlay and first-timers with odds in the 4/1 to 10/1 range are often much better plays. **Orsonian** should fit into that category and we'll suggest him as the best of the rookies, though tabbing the tote on all of the first-times is usually a good strategy. **First-timer Report:** **Heisman** shows several 5F works (among his 10 drills) and worked OK from the gate Aug 1. Both of his siblings were Stakes winners, including full brother Any Given Saturday, a Grade 1 winner of \$1M+. **Magnet Cove** is not bred to win early, but Ice can pop with a rookie. The \$80,000 yearling has worked eight times and worked OK 5F from the gate July 31. His dam was a route type. **Washington's Rules** has only worked six times including a couple

of gate drills. The \$95,000 yearling is his dam's second foal (the first is a non-winner). **Rock Hard Nicky** is not bred to win early and Zito races his stock into shape. None of his seven drills is longer than 4F. His lone sibling never started. **Orsonian** worked fast July 3 and worked five furlongs from the gate Aug 1. Gomez takes the call and this one may be fitter than the works may suggest. He's bred to win early and the \$230,000 yearling is related to four winners, including a pair of Stakes types. **Brock** was purchased for \$2.3M in February and his dam's first three foals were winners (the dam was a Grade 1 million dollar earner). He shows four 5F works and is bred to win early. He's likely well meant, but he's likely to be an underlay, too. **Call the Ball** shows a dozen works, has decent win-early breeding and his lone sibling is a winner who ran 2nd in her bow. **Fair Whit** is \$400K yearling who shows three gate works and Albertrani can fire with a rookie. This one seems well meant. Both of his siblings to race are winners and Por Que won twice at 2. **Eltheeb**, his dam's first foal, followed three 5F works with a gate drill. McLaughlin can fire with this kind and he employs Garcia. Watch the betting. **Analysis by Rick Lochner**

WORKOUT GUIDE

As a guide for your judgment of workouts, the following list indicates the times considered excellent for the usual distances under usual circumstances:

| | | | | | | | | | | | |
|---|----------|------------|-------|----|--------|---|----------|------------|--------|----|--------|
| 2 | Furlongs | (1/4 mile) | :22.3 | or | faster | 6 | Furlongs | (3/4 mile) | 1:12.2 | or | faster |
| 3 | " | (3/8 mile) | :34.4 | " | " | 7 | " | (7/8 mile) | 1:25.3 | " | " |
| 4 | " | (1/2 mile) | :46.4 | " | " | 8 | " | (one mile) | 1:39.3 | " | " |
| 5 | " | (5/8 mile) | :59.2 | " | " | | | | | | |

Bolded workouts are referred to as exceptional. Exceptional Works are generally among the fastest 5% of all the drills for that day. (The Digest does not require that all distances are represented among the exceptionals, as the times may be slower than the guidelines established above.) In addition, the Digest points out BTL (better-than-looked) drills, as well as any other morning exercises that seem noteworthy. The latter category takes into consideration team works, 'blowouts' from the gate, etc.

RACE APPRAISAL

ANALYSIS: J L Bernstein just missed in a like event July 3. That race has produced two next-out winners, he worked fast July 30 and he tops the charting. The pace should be honest and we'll give **Bernstein** the HF 15a. **Silenced** has been freshened since his distant 3rd at this level May 29. That race has two next-out winners, his win April 24 plots close and Garcia sticks with him. Bounce back candidate? **Writingonthewall** is back at this level after two starts vs. higher-level foes. The speedster only plots for a slice off his last start July 16, but his previous two starts would

plot on top. He could be dangerous if able to clear early. **Come Undone** may be the most dangerous of the also-eligibles as he has finished in the Exacta in three of his last four starts including a 2nd at this level July 24. Lezcano was up for his last win and it will be interesting to see what pace tactics are used if a starter. **Analysis by Jon Shonk**
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Typhoon Tycoon :28.8 - Dontstealmiland :28.9 - Love Abroad :29.0

RACE APPRAISAL

ANALYSIS: Several of the runners in this year's Sword Dancer have had success on the Saratoga lawn, including **Telling**, who pulled off the 33/1 upset in this race last year. **Telling** has been mid-pack in his last two starts with Graded Stakes company, but charts near the top off his July 3 effort and merits respect once again. **Al Khali** also ran well here last year as he was 3rd in the Grade II Hall of Fame and won the Grade 3 Saranac. He exits a strong wire-to-wire win over high-line Allowance foes July 8, but also can stalk if one of the others is intent on being out front early. We'll make him our HF 15a. **Marlang** won the Grade III Sunset Handicap at

Hollywood July 18 and he also has tasted success at The Spa as he won the Grade 2 Saranac here in 2008. **Expansion**, who just missed in the Grade 1 Man O War July 10, won an Allowance here last year, while **Grassy** and **Grand Couturier** also own wins on the Saratoga lawn. This certainly looks like a deep field and could produce some nice payouts, but we won't be looking for another \$60 winner like last year. **Analysis by Will Clarke**

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Bearpath :45.5 - Expansion :45.6

SIRE TURF, SYNTHETIC and MUD STATS for every horse

For years we have included the win percentages of each sire's first time starters. These stats have helped isolate early winners. The Digest also includes the win percentages for each sire's turf and mud starters. The stats appear after the sire's name in the Breeding line of each horse's comment. In the example below, Deputy Minister's offspring have won 20% of their turf starts, 11% of their synthetic track starts and 17% of their mud starts. For this study, mud is considered any dirt race where the track condition

was not 'Fast'. The turf win percentage is followed by the letter code 'T' and the mud win percentage is followed by the letter code 'M'. If a horse shows just a single stat, or no statistic, it means that the sire had no corresponding statistic in our turf and/or mud sire studies. In this example (below), Lahib had no Mud Starters and his Turf Starters were winless. Our Turf and Mud studies cover over 10 years of racing, beginning Aug 1, 1989.

HANDICAPPING FACTORS

(Column B on each race page contains the following numbers that refer to these factors.)

- FIRST TIME STARTER** - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.
- LIVE HORSE** - It appears this horse is ready for a top performance.
- DISTANCE CAPABILITY** - This distance may present a problem for this horse.
- EQUIPMENT CHANGE** - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.
- TROUBLE PRONE** - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly, etc. This one seems to be that type.
- 6a. WEIGHT** - This horse is carrying enough weight to cause a problem.
- 6b. WEIGHT** - This horse is carrying little or less weight. It may be an advantage.
- INSIDE POST POSITION** - This inside post position may cause a problem for this horse at this distance.
- OUTSIDE POST POSITION** - This outside post position may cause a problem for this horse at this distance.
- PACE** - The probable pace or speed in the early part of this race may not be suitable to the racing style of this horse.
- 10c. HIGHER CLASS** - This horse is being tried at a higher level.
- 10d. LOWER CLASS** - This horse is being tried at a lower level.
- FEMALE vs. MALE** - Since it usually takes a better-than-average female to beat an average male, there could be a problem here.
- FOREIGN RACES** - Previous races for this horse were out of this country. It is difficult to appraise them.
- RELEASED FROM CLAIMING JAIL** - This horse could be dangerous. He is out of jail and back to a lower level. (See Glossary under 'Jail').
- WORKOUTS** - Horsemen vary in their training methods and horses vary considerably in their requirements for conditioning, hence, while workouts give some indication of a horse's fitness, they can be greatly influenced by the training methods being employed. Therefore, reliance on the speed of workouts may be dangerous, as may be the case here.
- IN-THE-MONEY** - This horse appears to have all the elements suitable for an in-the-money performance.
- 15a. IN-THE-MONEY** - This horse appears to have most of the elements suitable for an in-the-money performance.
- LONG LAYOFF or RECENCY** - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
- LEG WRAPS** - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
- AGE** - The age of this horse is not consistent with that of his competition. A young horse against mature horses or a particularly old horse against younger horses may be at a disadvantage.
- IMPROVING** - This horse seems to be improving or should improve in this field.
- LONGSHOT** - Some indicators that are present when horses surprise with a good performance at high odds are noted.
- FITS RACE** - This horse seems to fit this race.
- 21c. FITS RACE** - This horse seems to fit this race except for class.
- 21d. FITS RACE** - This horse seems to fit this race except for the distance.
- 21r. FITS RACE** - This horse seems to fit this race except for a lack of recency.
- CONDITIONS HORSE** - The conditions for eligibility are ideal for this horse.
- WORK READY** - Previous patterns and/or special circumstances make recent works very important here.
- SURFACE** - The type of surface for this race may not suit the horse.
- BETTING** - If the betting on this horse is heavier than expected contention is likely.
- VETO** - There is no justification for a win to be expected.

RACE APPRAISAL

ANALYSIS: A full field of state-bred turfers takes the stage and two of them seem to be improving rapidly. The lightly-raced **Runweiser** started out with Maiden-Claimers and has yet to try two turns. However, he followed up his June 23 win with a romping 7F win on the dirt here Aug 4. He's bred to handle the grass, possesses good speed and that last race may not have been a fluke. Bishop of Nola edged \$25,000 NW2 types over this course when claimed July 30. He, too, figures to be among the early leaders and may end up stalking **Runweiser**. **Nola** gets top billing

since he's proven routing on the grass. **Kuggerand** has only run once this year, a decent effort at Delaware May 28, should improve with recency and lands Dominguez. He's a viable alternative. **Mr. Vantastic** and **Mr. Enrico** are solid class fits and figure prominently in the Tri and Superfectas. **Analysis by Rick Lochner**
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Gamblin Fever :27.6 - John Wyatt :28.3 - Dos Hombres :28.9

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and ("L") signifies a first-time Lasix user. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old if the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one if the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, R=shadow roll, RW=rear wraps, FW=front wraps, 4W= four wraps, G=goggles
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horse's last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times run by horses at today's particular class level.
29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances. Trouble notes follow each horse's comments. (This feature may not be included in some issues.)
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3rd the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done on today's surface and at today's track. We list the record as starts, wins, 2nd, 3rds.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board").
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track paces and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, paces and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, r=shadow roll, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).

RACE APPRAISAL

| | |
|---|---|
| 29 ANALYSIS: All six of these plot within less than three lengths at the wire, and they appear about that hard to separate. Looking for a price, we have some interest in Warrens Stormalert as a potential improver. He was ambitiously placed in the Snow Chief Stakes April 25, his first as a winner and first route, and, though he faded toward the rear, the effort figures OK | with these. Low-profile connections should prompt some decent odds, so he's the HF 20 (longshot). |
| 30 CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Green Card James :31.0 - Benezit :31.3 - Troubletimethree :31. | |

HORSE COMMENTS

| | |
|--|--|
| 31 Troubletimethree has usually run pretty well in five starts at this level, but was favored in three of them and finished farther back than usual April 15. He charts in the hunt, but he seems to have a bit to prove. NOTES: Outrun April 15. Mild rally March 18. Mild wide rally Feb 19. Lacked racing room entering the stretch Jan 25. | Warrens Stormalert is bred to route, but the April 25 jump up to the Snow Chief Stakes for his first try with winners and initial route was pretty ambitious. He tracked a Lone 'F' leader and faded badly. Still, the effort gives him a shot on paper, so he can't be denied a chance on the drop. NOTES: Wide around the first turn, chased and tired April 25. |
