[www.todaysracingdigest.com](http://www.todaysracingdigest.com)

## Dear Digest Readers,

For those of you who might have missed it, we are producing Digests for every track in the country. You can buy the Data Lines for every race from Assiniboia Downs to Zia Park. And, we do complete Digests for the major meetings: Saratoga, Gulfstream Park, Belmont, Aqueduct, Keeneland and Churchill Downs. We've added the Monmouth summer meeting, too. All of these editions are available for download and we continue to publish hard copy for Southern and Northern California. The Northern California edition will feature a companion track to make it a great double-issue value.

If you are in Las Vegas and aren't getting the Digest delivered to your race book (especially the Northern California double issue), contact your race book manager and ask for them to begin carrying the Digest for you.

Our goal is to help you make informed betting decisions on a daily basis and strive to offer a handicapping lesson in every issue.

## Today's Racing Digest FAQ

**What is Today's Racing Digest?** For over 39 years Today's Racing Digest has specialized in California racing, producing handicapping information in both a Southern and Northern California issue in print and on-line at [www.todaysracingdigest.com](http://www.todaysracingdigest.com). Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

**What makes Today's Racing Digest different from other racing publications?** The Digest offers many features that cannot be found in other horseracing publications. Features such as track bias, Pace Ratings, which measure early speed, and a "paper race" called the Fractional Charting which compares each horse in today's race based on a representative past performance. A page dedicated entirely to workout analysis has always been a popular feature, along with "Hot & Cold" trainer reports, a Claim Box report for owners and trainers, and our Better-Than-Looked List, which highlights horses exiting troubled or exceptional performances.

**What are Data Lines?** A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

**Does the Digest offer performance ratings or speed figures?** Today's Racing Digest prides itself in offering numerous performance figures for the handicapper. Pace and Final Time Ratings can be found at the end of each Data Line and are the most popular. The Pace Rating measures early speed, while the Final Time Rating assigns a figure for the final time. The Digest also offers the CPR (Comprehensive Performance Rating) and FIRE Number, ratings which take into account each time recorded in the race and put it all together in one number. Noted handicapper/writer Tim Osterman also contributes the Fast Figs, which are a speed and class figure all in one.

**Where can I find a copy of Today's Racing Digest?** Today's Racing Digest can be purchased at every major track in California, as well as major satellite facilities. The Digest is also sold at selected retail outlets throughout the state, and is usually available 24 hours before first post. For a location nearest you or for the number of your local distributor, please call (760) 603-8800. The Digest, along with a stable full of simulcast handicapping information, can also be purchased on-line at [www.todaysracingdigest.com](http://www.todaysracingdigest.com). On our web-site you can purchase all issues of Today's Racing Digest for tracks across the country at a discount in price and selections from our stable of handicappers. There are also numerous "free" areas, such as the Daily Money Plays, Feature Races, and Week In Review, which provides commentary on all the previous week's races. Give it a look. We think you'll like what you see.

## STEVE FIERRO'S RACEDAY USA BETTING LINE

Today's Racing Digest now features a betting line. A betting line is the second quarter of a complete handicapping/investing process. The betting line is applied following contender selection. This is outlined in Steve's book *"The Four Quarters of Horse Investing"*.

### PLEASE READ THE ITEMS LISTED BELOW

The betting line is simple and easy to use. It is designed to point out the value opportunities in a race.

Here are the recommendations or "best way" to use the betting line:

1. The top contender is offered at odds higher than listed on the betting line (overlaid). This is the strongest feature of the betting line.
2. If two contenders are overlaid, start at the top. The contender listed closest to the top is the play. If the two are above 8/1, play them both.
3. If three contenders are overlaid the race is a pass. The race is chaos and long term this is a losing situation.
4. Legitimate favorites: If the betting line lists the top contender at 3/2 or less and the betting public sends this contender to post at 3/2 or less, this race must also be passed. This is a strong contender. The other contenders become "false overlays" because of the heavy action on the "legitimate" favorite. They do win, but long term they pay far too little to produce a profit.

Exotics: The betting line is a "win oriented" service. It is an excellent tool in constructing doubles, Pick 3's, and 4's, from a value standpoint.

DEL MAR - September 8<sup>th</sup>, 2010

#### 1<sup>st</sup> race

Quoted	2/1
Pride Of Wilshire	3/1
Greenwich Park	7/2

We have a solid ten-race closing day card in front of us. Let's see if we can get it started with Quoted.

#### 2<sup>nd</sup> race

Fund Raiser	9/5
Softly Singing	3/1
Holding Her Ground	3/1

Fund Raiser has not been out of the money in any of her 11 career starts. I think today she adds a "Black Type" win.

#### 3<sup>rd</sup> race

Achak	5/2
Hog's Hollow	4/1
Todalen Dan	5/1
Call Me Honcho	5/1

Mitchell off the claim looks like an interesting key factor to back here in race three. His new runner is Achak.

#### 4<sup>th</sup> race

Dancing In Silks	9/5
Spaniard	5/2
Truest Legend	5/1

I don't think I will have to look past Dancing In Silks in this one to see a price that will send me to the window. The last race running line and the layoff will help the price today.

#### 5<sup>th</sup> race

Always A Princess	9/5
Charlie's Princess	3/1
Tamerin	4/1

Always A Princess was prominent in Grade 1 races before the layoff. At this Optional Claiming level she looks like a decent first call.

#### 6<sup>th</sup> race

Alevei	5/2
Wild And Gotaway	7/2
She'sawontontomato	5/1
She's Excessive	6/1

Alevei is my projection play on the card. She could be a double digit play. 3/1 and up will do.

#### 7<sup>th</sup> race

Lost Prophet	2/1
Tiz A Bud Girl	4/1
Warren's Too Cool	6/1
Secret Oath	6/1

Lost Prophet gave Mitchell a win right off the claim. A repeat win looks like a real possibility.

#### 8<sup>th</sup> race

Indian Winter	2/1
Road Ready	3/1
Western Mood	7/2

Indian Winter posted a workman like debut win as the even money favorite. He gets the nod in this year's Futurity.

#### 9<sup>th</sup> race

Miss Seamless	2/1
Phone Maybe	4/1
Fair Chase	6/1
Gotham Spirit	6/1

Miss Seamless heads to the conditioned claimers for this second start versus winners. It looks like a move that will get her back to the winner circle.

#### 10<sup>th</sup> race

Tiz Argent	2/1
Real Lucky	5/2
Marino's Star	4/1

I just want to take a line or two to thank everyone for using the betting line During the Del Mar meet. Steve Fierro

Steve Fierro has been involved in horseracing since 1978. In 1998 he started the RACEDAYUSA betting line service. Steve is the host of ESPN'S EVERYBODY'S RACING. This is a Reno based radio show all about the Sport Of Kings. He also promotes racing for the Northern Nevada horseplayer with educational seminars and programs at Lucky's Race and Sportsbook located in The Grand Sierra Resort and Casino and Carson City's Casino Fandango. In 2002 his book *"The Four Quarters of Horse Investing"* was released. On the internet Steve can be heard every Saturday as one of the featured handicappers on Thoroughbred Los Angeles

## FIERRO'S BETTING LINE AVAILABLE ON-LINE

The valued-based Fierro, author of the *Four Quarters of Horse Investing*, has additional Betting Lines available on our website. Both California Betting Lines are sold as a \$10 package, or for \$15, you can have two extra national tracks, making it a great bargain for on-line or simulcast players.

## TIM OSTERMAN'S FAST FIGS

Today's Racing Digest has been producing performance figures for over 25 years and have most recently introduced our newest figure, the **FIRE Number**. However, there are other sources for such numbers and we are proud to now offer **Tim Osterman's FAST FIGS**. Osterman, a fixture in the California Handicapping scene for the last 20 years will provide a '**FAST FIG**' for each horse. This rating is a combined class/performance figure based on the horse's overall effort and the strength and level of the fields faced. Horse's scoring within FIVE points of the top figures should be considered contenders in today's race. if a horse's rating is following by a (+) it means a horse may be ready to improve on today's figure. Generally, a plus (+) is potentially worth an additional FIVE points. Runners rated 'X' are either first-time starters, shippers from a new circuit, comebackers off more than four months or horses that simply could not be assigned a reliable rating.

## RACE APPRAISAL

**ANALYSIS:** Quoted is back quickly after his solid 2nd vs. this kind Sept 1. That race tops the charting. Rosario rides back and he makes his third start off the layoff which is often a runner's best. Quoted is the HF 15a. My Man Marty is in from Monmouth Park where he finished 4th vs. NW1 Allowance sprinters Aug 14. Synthetics are a cloud, but his connections are easy to like and he plots close. He could be the main threat. Lime A

Nite is the "other" O'Neill runner and he won his debut vs. \$25,000 Maiden-Claimers Aug 4. Second-timers from this barn that showed early speed first time out often improve and he might outrun his odds once again. Analysis by Jon Shonk  
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Quoted :18.3 - Greenwich Park :18.5

## HORSE COMMENTS

**Lime A Nite** dueled and proved best in his debut vs. \$25,000 Maiden-Claimers Aug 4. He plots on the bottom off that one, but he has a right to move forward now that he has raced and the rail is no problem. We'll give him a look.

**Quoted** was dropped to this level and was a solid 2nd Sept 1. Rosario rides back and he makes his third start off the layoff. Give him a long look.

**Bold Type** was 3rd in a blanket finish vs. \$20,000 sops Aug 22. He was a Lone 'F' in that one and may not have that kind of trip today as he is surrounded by frontrunners. We'll try to beat him.

**My Man Marty** finished 4th vs. NW1 Allowance sprinters at Monmouth Aug 14. He has yet to race over synthetics, but the drop in class can only help and his connections are easy to like. Mark him a contender.

**Pride of Wilshire** was a narrow winner vs. \$25,000 non-winners Aug 28. His numbers are a bit soft, but he has finished in the Trifecta in all seven starts and a top jockey is up. Still, we'll use him in the exotics only.

**Greenwich Park (SAF)** is a 5-year-old with 11 starts and is off a short layoff. This will be only his second start off the turf and first over a synthetic surface. He charts close off his last start May 29, but is now in a new barn and appears to be a question mark.

**Grand Topper** raced three times at Prairie Meadows and finished 2nd twice at this 135 RCL. He earned his diploma at Turf Paradise April 3 and may be a pace factor only.

## \*\*\* DIGEST POINTERS \*\*\*

### Common Handicapping Factors (HF's) used in Today's Racing Digest

While picking winners is everybody's #1 goal, not everyone likes to spend the entire day pouring over a bunch of stats and figures that are about as easy to understand as a calculus exam. So, how exactly can you get a decent grasp of who the main contenders are in each race, and still have time to down a few refreshments and catch some rays? We here at Today's Racing Digest just may have the answer, as we identify both the contenders and the pretenders with what we refer to as Handicapping Factors. Listed below are the most common

HF's that you will find in the Digest, and if you have trouble finding where these figures are listed, just look up at the top of each race page and you'll locate them in Column 8, which appropriately enough is entitled 'Handicapping Factors'. Good luck, and if you win, just consider it dinner on us.

**HF 2:** This is a horse that we feel is about as close as you can get to a 'sure thing'. The price likely won't be great, but if you just want a winner, this is the number to look for.

**HF 15:** This number goes to horses that look like a winner, and are extremely likely to hit the board (i.e. run first, second or third). More often than not, horses with a 15 designation will earn you enough money for a hot dog, but if you happen to see a 15 attached to a horse that is 3/1 or better on the tote board, then he's a pretty good 'value' bet as well.

**HF 15a:** The most common of the Digest 'push' factors, this number basically means that the handicapper likes this horse, but not as much as an HF 2 or HF 15. Basically, the horse has a good chance to win, but please don't bet your rent money on the win end.

**HF 20:** The longshot play. This popular number designates a runner we feel may be ready for a winning effort at odds that are likely to be 6-1 or higher. It's not as high a percentage of a play as the other HF factors, but the reward more than justifies the risk when they win.

**HF 19:** We use this number to point out horses who should show improvement in today's race.

**HF 21:** Certain horses entered in a race may have run well under similar conditions. When you see a 21, that means the horse seems to fit well in that race.

## RACE APPRAISAL

**ANALYSIS:** Speed has done OK at this trip much of the meeting and **Holding Her Ground** was able to go wire-to-wire at this trip July 29, beating both **Fund Raiser** and **Softly Singing** in the process. She returned to win on the grass and is now out to get some black type. She's offered double-digit odds in her last two wins, and may still offer a fair price. The likely Lone 'F' tripper gets the HF 15a. **Mother Ruth** is the one who may be able to apply some pressure. She barely qualifies under the conditions of his race after winning a May 31 Stakes in Texas, a win that earned her just under \$50,000. That seven-length score earned a huge mark and would dominate the Charting had it been plotted. However, her July 10 race at Calder seems more representative. She split Grade 1 foes

that day and this softer assignment should suit her well. She worked very fast over this surface Aug 23 and is the first alternative. **Minute Limit** is off the turf for just the second time in the U.S., but won on the Polytrack in England. She shows no works over this oval, though. **Bonifacio** scored an upset on the grass, but ran OK on this main track last year and worked a fast half-mile here Aug 31. She may prove the more dangerous off-the-turf runner. **Analysis by Rick Lochner**  
**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Minute Limit :24.0 - Bonifacio, Mother Ruth and Holding Her Ground :24.5

## HORSE COMMENTS

**Softly Singing** picked up the pieces behind Fund Raiser Aug 18, her first in blinkers, but her numbers are on the soft side. P. Val gets another chance with her, but she needs to improve.

**Holding Her Ground** is shooting for her fourth consecutive wire-to-wire win after knocking off bottom-level Allowance foes Aug 19, one race after upsetting tougher \$62,500 claimers when racing for the claiming tag. She's super sharp and Santiago-Reyes suits her nicely. She may offer another solid price despite her winning streak.

**Bonifacio** rallied from far back to upset the field in the Daisycutter Aug 13, but normally races closer to the pace. She's won on Tapeta and also won on this main track in July. That last turf win would plot on top and she fires more often than not. She's a contender right back.

**Mother Ruth** was shipped to Calder for a Grade 1 and ended up splitting the field. That race has already produced a couple of winners and she earned a huge figure winning at Lone Star May 31. She may have bounced off that big score and can rebound.

**Minute Limit (IRE)** is a turf specialist who won on Polytrack in England as a 2-year-old. She plots on top off her Aug 2 run at Woodbine and has earned a 130+ Final Time Rating in her last six starts. That kind of consistency makes her easy to like. However, a lack of works over this surface is a concern.

**Fund Raiser** has never finished worse than 3rd in her 11-race career. She notched win #3 here Aug 18, but also chased Holding Her Ground home July 29. The Baffert runners seem to improve with every start over the Del Mar Polytrack, so this one may move forward.

ACFor fans of the Pick Six Scramble, simply employ the following strategy with the horses listed on the Quick Pick Page. The requirements are two 'singles' somewhere in the Pick Six. Place your 'singles' in their proper spot and then select three horses in each of the other four races. Label the first three horses 'A,B,C,', the second set as 'D,E,F' the third set as 'G,H,I' and the fourth as 'J,K,L'. Use the following patterns to build your nine \$2 tickets. In this example our 'singles' are in legs 2 (s1) and 4 (s2) of the Pick Six.

## RACE APPRAISAL

**ANALYSIS:** Dynamic Range has to be viewed as the horse to beat. He's been switching back and forth between Graded Stakes races and optional claimers like this and he's won three of his last four outside the Graded Stakes ranks and was 2nd in the other. He beat a few of these at this level Aug 29 and certainly would appear to merit HF 15 status. **Hog's Hollow** was 2nd to the top choice Aug 29 and may have some room for improvement in only his second as a winner. **Scorpion Time** will likely set the pace and could be dangerous if left alone on the lead for too long. He actually just missed to the top choice at this level Nov 8 and could be set to give that one a battle after running 3rd at the level in a comebacker July

22. **Yodelen Dan** exits a so-so mile effort with this kind in his first try for Mullins Aug 12, but ran well before that at longer distances and could rebound. Finally, **Achak** is a stablemate of the top choice and was claimed by Mitchell for \$50,000 when 4th July 25. Mitchell has a knack in these marathon events and does very well off the claim, so let's go HF 20 on the 'Other Mitchell'. **Analysis by Will Clarke**  
**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Call Me Honcho :34.3 - Yodelen Dan and Achak :35.6 - Hog's Hollow :35.7

## HORSE COMMENTS

**Nuggets Please** has been facing high-priced soph claimers at a flat mile recently and was no factor with \$50,000 sophs Aug 27. He'll have the blinkers removed, but we're not sure about backing a 3-year-old trying a marathon for the first time against older.

**Hog's Hollow** finished 2nd to Dynamic Range in a similar affair Aug 12. He's an obvious contender once again.

**Yodelen Dan** ran so-so in his first start off the claim for Mullins when facing \$40,000 claimers at a flat mile Aug 12. He was 2nd with this kind going 10 furlongs June 12, so perhaps the additional real estate today will help him bounce back. He certainly has the Final Time Ratings to be a big factor.

**Achak (IRE)** just missed with \$50,000 claimers June 11 and was competitive that kind in his most recent start July 25, both races at a mile. Distance is an obvious question mark, but he was claimed by Mitchell (from Craig Lewis) and his new barn has a knack with these marathon events. Of course, Mitchell also has the horse to beat, Dynamic Range.

**Scorpion Time** ran 2nd to Dynamic Range in a marathon at this level Nov 8 and then came off a long layoff and was 3rd with this kind in another marathon July 22. He looks like the speed of the field and speed can be dangerous in long distance races if left alone for too long on the front end.

**Ducane** earned show dough with this kind Aug 12 when beaten by Dynamic Range and Hog's Hollow. He's still looking for his first win and we'd be surprised if he got it here.

**Call Me Honcho** earned a strong rating when 4th with this kind Aug 28. He's another unproven at the distance and we're not sure his late-running style is conducive to the marathon game. That said, his last effort does co-top the paper race.

**Dynamic Range** exits a mid-pack effort in the Grade II Del Mar Handicap Aug 29. He's won three of his last four starts when racing outside the Graded Stakes ranks and beat a few of these at this level Aug 29. He's clearly the one to beat again.

## RACE APPRAISAL

**ANALYSIS:** **Gato Go Win** may be done with dirt racing after four dull efforts over that surface. He is 8 3-2-1 in synthetic sprints, though, and Bejarano has ridden this guy very well in the past. He should receive a good stalking trip throughout and could look much improved for a hot barn. **Gato** is the HF 15a. **Spaniard** has had a tough time staying racing fit in his short career, but he appears to be in top form off his win against NW1 Allowance sprinters Aug 15. That effort plots close and a fast work Aug 31 suggests another good one could be on tap. **El Scorpio** has won two straight including at this 170 RCL vs. NW2 Optional Claimers July 25. He

looks like a need the lead type, but Gihua seems to know what to do with him and he could have upset potential once again. **Dancing In Silks** enters this fresh for strong connections and won the BC Sprint and this event last year. However, that win in this race last year and his two starts earlier this year earned low-130 Final Time Ratings. That will likely not get the job done today and he may be worth trying to beat at expected low odds. **Analysis by Jon Shonk**  
**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Gato Go Win :24.2 - El Scorpio :24.4 - Dancing In Silks :24.5

## HORSE COMMENTS

**Spaniard** set the pace and drew off to beat NW1 Allowance sprinters Aug 15. He plots close off that one, worked fast Aug 31 and makes his third start off the bench. He will likely have to hustle to gain position from his rail draw, but the colt seems on the upswing and we'll give him a look.

**El Scorpio** proved his win June 16 was not a fluke when he beat NW2 Optional Claimers July 25. Gihua was in the boot for both, he charts well and seems too sharp to ignore.

**Dancing in Silks** went to the sidelines off his 5th in a Grade 2 March 20. The BC Sprint winner also won this race last year and has six works since July 30 with one exceptional and calls a hot barn home. Rosario rides back and there is plenty of speed to help set up his rally. However, his numbers from his two races this year don't quite match up with these and even his win in this event last year would plot near the bottom. He may be worth trying to beat at expected low odds.

**Truest Legend** is quick from the blocks and finished 7th in his comebacker vs. NW2 Optional Claimers July 4. He did earn a 147 second start off the layoff June 13, 2009, but he also won his previous start off the layoff April 18, 2009. Pace factor only?

**All Saint** is in a new barn for his 2010 debut with five drills since Aug 7 with one exceptional. His barn has done well at the meet from limited starters, but this may be a prep for Fairplex where he won a Stakes race last year. We'll try to beat him.

**Gato Go Win** has been awful in his last two starts against Grade 2 company. But if you take a closer look, both those were on dirt and his previous two on dirt were not good either. However, his synthetic races are solid with a near miss April 3 and a win prior to that Jan 30. Bejarano was up for those two efforts and he could look much improved today for a stable off a career meet.

**Spaniard** (B.Baffert/M.Garcia = 159 42-28-32 )

## METHOD HORSE II

An approach to isolate the contender in each race.

1. Draw a line through all scratched horses in the top section of the Digest race page.
2. Award 10 points to all horses with a COLUMN 4 score that is 10 points higher than the Race level shown in the heading for each race.
3. Note the top 3 high scores in COLUMN 6. Award 8 points for 1st (and ties). 5 points for 2nd (and ties); and 3 points for 3rd (and ties). Be sure to eliminate the scratched horses before awarding points.
4. If there is only one "F" ("Lone F") in PER COLUMN 7, award 5 points.
5. The following Handicapping Factors in COLUMN 8 receive points:  
HF 2 = 15 pts.  
HF 15 = 8 pts.  
HF 15a = 4 pts.  
HF 20 = 4 pts.  
HF 21\* = 2 pts.  
\* - Assign no points for HF 21c, 21d or 21r.
6. Fractional Chart Order of Finish: (First line under each race table).  
1st (and ties) = 10 pts.  
2nd (and ties) = 6 pts.  
3rd (and ties) = 3 pts.  
"Too many unshowns" award no points.

If necessary, refer to the Fractional Time Comparisons page in the front of the Digest for the complete fractional chart order of finish to determine complete point totals.

7. In case of ties, split contenders in this method:  
A. Prefer the horse with the highest ratings in Col. 6.  
B. If still tied, prefer the high score in Col. 5.  
C. If still tied, prefer the contender with the highest number in Col 15.

After tie breakers, the top two horses should be considered solid contenders with the first choice, of course deserving the strongest support. The final betting selection rests with the individual but it is suggested that the novice player stick to the top selection. Although this method will produce a play in every race, advanced handicappers may wish to improvise with additional rules (recency, jockey/trainer, price or weight restrictions, for example). Considerations of this sort will limit action somewhat but should also increase long-term profits.

## RACE APPRAISAL

**ANALYSIS:** Always a Princess won her debut here a year ago, went on to be 2nd in the Grade 1 Oak Leaf and held on well in her final start of the year, the Grade 1 Breeders' Cup Juvenile Fillies Nov 6. That last race produced four next-out winners in 2010 and 'Princess could be #5. She's been working fast at Hollywood Park and is likely bigger, stronger and faster now. A lack of a Del Mar work is a negative, but the fact that she won here last year tempers our concerns. Perfect Vintage looked good beating Cal-bred Allowance stock in wire-to-wire fashion Aug 12 and co-tops the Charting. She may be very 'live' right back and can handle faster fractions than she set last time. Mike Mitchell sends out both returnee

**Tamerin** (who beat this kind here last year and is claimproof since she's been off six months and last ran for \$40,000) and **Desert Flight**, whom he claimed for his own account at Monmouth Aug 15. Both are dangerous, with 'Flight, who holds a recency edge, the upset threat. **Gumption** is dropped in class and risked for a tag for the first time. The former \$200,000 yearling can improve with the class change. **Analysis by Rick Lochner**  
**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Always a Princess :23.9 - Perfect Vintage :24.5 - Tamerin :24.7

## HORSE COMMENTS

**Tamerin** has been off since dueling on the pace and drifting out late in a downhill turf sprint Feb 18. She may prepping for the upcoming Oak Tree at Hollywood Park meeting, but the speedster did win her debut on the main track at Santa Anita. She's trained steadily here all meeting long and is worth a look in her return.

**Charlie's Princess** has been off since beating Maiden routers at the Oak Tree meeting Oct 25. She's got speed and has also been training here all meeting long. She worked fast from the gate Aug 14 and again Sept 21 and she may be well meant, though Yakteen tends to race his stock into shape.

**Desert Flight** is from the same barn as rail-sitter Tamerin and is making her first start since being claimed for \$32,000 for Mitchell himself Aug 15 at Monmouth. She's bred to handle a synthetic strip and she's worked twice over this strip since arriving from New Jersey. She may fit nicely.

**Perfect Vintage** likes this oval and got the money vs. Cal-bred Optional Claimers on this layout in comeback start #2 Aug 12. She was able to shake free early that day and was never threatened. She's hooking other speed, but that last win was rather impressive.

**Jaws n' Paws** is out of the soph claiming ranks, where she ran 2nd for \$62,500 in an Aug 14 jail run. She's in for less than her July 23 purchase price, though, and Abrams doesn't claim many. She's in good shape and may come running late, but a minor award may be a limit.

**Halfapondarosa** has had no excuses in her last three starts, races in which she's finished close to the winner. She made a mid-race move to

challenge when double jumped in class off the claim Aug 4 and is now in for \$40,000. That is a positive sign and Euron does well with this claims. She's got upset potential even though she co-tops the paper race.

**Fairway Road** chased a couple of these home in that Aug 14 \$62,500 soph claimer and the off-pace runner may be in a bit too steep vs. these professional older sprinters.

**Moon Stone Madness** jumped out to a clear early lead before fading to finish 3rd to Jaws n' Paws in that Aug 14 \$62,500 claimer. She's hooking other speed, but she can stalk the pace and a race over the track may suit her nicely. Of course, Santiago-Reyes likes to be on the engine, so she may not get a chance to stalk.

**Gumption** was no real threat to tougher mid-level Optional Claimers, so Headley drops this one in class and puts her up for sale. She beat this kind last fall, plots close enough and may be much more dangerous with the class change.

**Always a Princess** is a comebacker who won her debut at the tail end of the 2009 Del Mar meeting. She had been working over this strip last year, but has been prepped at Hollywood Park this time. She's likely underrated on paper and Baffert took her straight to the Grade 1 ranks following that debut win to indicate that he had high hopes for her. She ran 2nd in the Oak Leaf Oct 4 and was not beaten too badly in the Breeders' Cup. She's easily the filly with the most potential and this may be more than a prep. She's certainly been working fast enough.

## \*\*\* DIGEST POINTERS \*\*\*

### Common Handicapping Factors (HF's) used in Today's Racing Digest

While picking winners is everybody's #1 goal, not everyone likes to spend the entire day pouring over a bunch of stats and figures that are about as easy to understand as a calculus exam. So, how exactly can you get a decent grasp of who the main contenders are in each race, and still have time to down a few refreshments and catch some rays? We here at Today's Racing Digest just may have the answer, as we identify both the contenders and the pretenders with what we refer to as Handicapping Factors. Listed below are the most common

HF's that you will find in the Digest, and if you have trouble finding where these figures are listed, just look up at the top of each race page and you'll locate them in Column 8, which appropriately enough is entitled 'Handicapping Factors'. Good luck, and if you win, just consider it dinner on us.

**HF 2:** This is a horse that we feel is about as close as you can get to a 'sure thing'. The price likely won't be great, but if you just want a winner, this is the number to look for.

**HF 15:** This number goes to horses that look like a winner, and are extremely likely to hit the board (i.e. run first, second or third). More often than not, horses with a 15 designation will earn you enough money for a hot dog, but if you happen to see a 15 attached to a horse that is 3/1 or better on the tote board, then he's a pretty good 'value' bet as well.

**HF 15a:** The most common of the Digest 'push' factors, this number basically means that the handicapper likes this horse, but not as much as an HF 2 or HF 15. Basically, the horse has a good chance to win, but please don't bet your rent money on the win end.

**HF 20:** The longshot play. This popular number designates a runner we feel may be ready for a winning effort at odds that are likely to be 6-1 or higher. It's not as high a percentage of a play as the other HF factors, but the reward more than justifies the risk when they win.

**HF 19:** We use this number to point out horses who should show improvement in today's race.

**HF 21:** Certain horses entered in a race may have run well under similar conditions. When you see a 21, that means the horse seems to fit well in that race.

## TRAINERS

While every effort is made to be 100% accurate in reporting trainers, it should be pointed out that horses are known to change barns overnight, or they may be recent arrivals from areas not covered by the Digest. Accordingly, it is advised that you check the official track program.

**DEL MAR TRACK PROFILE – July 21 – Aug 29**

The running styles are broken down into four categories:

**(F)** Frontrunners, always within one length of the lead; **(P)** Pace-pressers, within 1-3 lengths of the lead early;

**(M)** Mid-packers, within 3-5 lengths of the early lead; **(L)** Late-runners, more than 5 lengths back early.

## FRACTIONAL CHART ORDER OF FINISH AND AVERAGE TIMES

(This is not a Selection)

1: She'sawontontomato

2: Alevei, Homework and Freewayracer (tie)

3: Fil'slastscore

**ET:** :23.0, :47.1 and 1:00.4 (Expected Times with a 0 variant)

**AT:** :22.2, :45.3 and 1:03.2 (Average Times for mid-level races)

**AFTL:** :22.8, :46.2 and 1:06.1 (Average Times for this level)

## RACE APPRAISAL

**ANALYSIS:** This looks like a pretty wide-open affair, although **She'sawontontomato** and **Alevei**, the 3-5 finishers in a similar affair Aug 13 look like the ones to beat. **She'sawontontomato** was dropped to this level for the first time and tops the charting off that Aug 13 heat. She also shows a rising Final Time Ratings pattern. **Alevei** didn't run bad at all debuting in that Aug 13 heat and could close the gap on **Tomato** now that she's had a race in the books. Art Sherman hasn't fired with rookies since moving to So Cal, either, so that's another reason to think **Alevei** can improve. Another filly we'll want to take a long look at is **Wild And Gotaway**. She's bred to win early and Hollendorfer has already won with two rookies at the meet. We could see going with any of the three above, but we're going to play **Wild And Gotaway**, hopefully at a better price than

the other two. A couple of price horses to look at are **Warren's Natalie** and **She's Excessive**. **Natalie** had P. Val up for a poor debut with this kind Aug 8, adds blinkers and now gets Bejarano. Our guess is she must be showing something in the morning to land top riders and maybe she'll wake up in start #2. We'll make **Warren's Natalie** the HF 20. **She's Excessive** is debuting for Baffert and he's given jockey Medina live mounts the couple of times he's used him in the saddle. **Analysis by Will Clarke**  
**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Freewayracer :18.9 - She'sawontontomato and Alevei :19.9 - Homework :20.3

## HORSE COMMENTS

**Jack's Glo** is the first foal out of a mare that only raced once (lost). She's worked 12 times since May 9 and has win-early breeding, but the barn does not do well with rookies.

**Freewayracer** showed zero early speed and a mild rally when finishing midpack in her debut with this kind Aug 13. She could improve with racing, but is in a very low percentage barn.

**Homework** will add blinkers after finishing midpack with this kind in a comebacker July 29. We wouldn't be surprised if she showed better speed today and she certainly could improve with recency.

**Wild and Gotaway** is the third foal of her dam and the first two are minor winners. She's worked seven times since July 28, has win-early breeding and is from a barn that has already gotten a few debut winners at the meet. Count her in.

**Hot Ticket** is the first foal out of a mare that was unraced. She's worked eight times since July 15, but we normally give these Unusual Heat offspring a race or two.

**She'sawontontomato** earned the show spot when dropped in with this kind for the first time Aug 13. She shows a rising numbers pattern and that last effort tops the paper race as it is. She's a contender.

**Warren's Natalie** will add blinkers after a poor debut effort with similar Aug 8. P. Val jumps off but Bejarano jumps on, so we're inclined to believe this one has at least shown something in the morning. Better is possible.

**Alevei** didn't run too badly debuting with this kind when finishing 5th Aug 13. She was beaten by She'sawontontomato, but certainly could improve with a race in the books and merits some respect.

**Meter Me Gone** is the first foal out of a mare that was 0-for-2. She's worked 10 times since June 23 for a barn that does pretty well with rookies. Watch the betting for more clues, but Miller's live horses usually have P. Val or Rosario in the saddle.

**Queenie Marini** hasn't run too well in her first two starts with Cal-bred straight Maidens, so Baffert drops her in for a tag. She could contend with the drop in for a tag, but doesn't look like anything special on paper.

**She's Excessive** is the sixth foal of her dam and kin to four winners with Fastastic (\$106,000+) the top earner. The barnmate of Queenie Marini has worked 10 times since June 26 and Medina has had 'live' mounts the couple of times he's ridden for Baffert.

**Famous Talent** is the second foal of her dam and the first is 0-for-6. She's worked 11 times since June 13, but the connections are decidedly low profile. Watch one.

**Ez Rachel** didn't raise a gallop debuting with Cal-bred straight Maidens Aug 14. She might perk up on the class drop, but that first effort makes us wonder if just how much ability she has if any.

**Fil'slastscore** showed some early foot, but that's about it in her second start with this kind Aug 25. We'll watch another if she starts.

## WORKOUT ANALYSIS FOR HORSES RACING TODAY

BY : BRUNO DE JULIO

NAME/ COMMENT	WORK DATE	TRK COND	DIST	WORK
<b>1<sup>st</sup> RACE</b>				
<b>Bold Type</b>	09/04	DMR/FT 4F	50.0h	
Moved unhurried from the start through splits of 12 3/5, 25.0 flat. Came home with some solid interest in 24 3/5 void of any urging.				
<b>2<sup>nd</sup> RACE</b>				
<b>Softly Singing</b>	08/26	DMR/FT 4F	48.0h	
<i>He is screaming route to me, but looks good and maintains his sharpness. Worked right at 8 o'clock in the midst of a rush.</i>				
<b>Mother Ruth</b>	09/03	DMR/FT 4F	49.0h	
Appeared slightly second best in team drill with Fund Raiser. 12 2/5, 24 3/5. Finished up decent in the stretch to get the final quarter in 24 2/5.				
<b>Minute Limit (IRE)</b>	09/04	HOL/FT 5F	60.0h	
<b>Huge work at Hollywood. Went in 24.1, 35.3 and finished in 59 flat and out in 111.2 on our watch. Finished huge. Big work. Follow.</b>				
<b>Fund Raiser</b>	09/03	DMR/FT 4F	49.0h	
Appeared best in team drill with Mother Ruth. 12 2/5, 24 3/5. Finished up strong in the stretch to get the final quarter in 24 1/5.				
<b>Bonifacio</b>	08/31	DMR/FT 4F	48.0h	
<i>Surely knows how to win races as evidenced by his four wins from seven starts. Looks to be at the top of her game with good drill over the local oval. Finished up in hand while covering the final furlong in 11 4/5.</i>				
<b>3<sup>rd</sup> RACE</b>				
<b>Yodelen Dan</b>	08/26	HOL/FT 4F	50.0h	
<i>Watched this guy go around and around with this quick, quick, pacing jogs. He then works like today in hand to get him fit. Mullins trains him like a trotter and pacer and he responds.</i>				
<b>Ducane</b>	08/25	DMR/FT 4F	47.0h	
Showed some speed on the wrong lead and went in 35.1 and 47.1. Did best.				
<b>4<sup>th</sup> RACE</b>				
<b>Truest Legend</b>	09/01	DMR/FT 5F	59.0h	
<b>Been away since Independence Day and looked much better in this local drill than his previous 102 2/5 on 8/25/10. Moved with a purpose for duration of drill and handled the Poly Track like a veteran. Finished up very well in best of morning time.</b>				
	08/25	DMR/FT 5F	102.0h	
Just in hand and making first start for Koriner. Went in hand and looks to be working like he needs a race.				
<b>Spaniard</b>	08/26	DMR/FT 4F	48.0h	
<b>Easy, sharp half mile. Looks good and seems to be sitting on a big effort. Follow.</b>				
<b>El Scorpio</b>	08/22	DMR/FT 4F	50.0h	
Just easy and in hand for O'Neill. Went without being asked much. I need to ask Doug about using one of his nose patches, maybe that will clear my sinuses.				
<b>Dancing in Silks</b>	08/29	DMR/FT 6F	112.0h	
Went off fast and in 35 flat and then finished in 100.1 and 112 and change on our watch for Gaines. Interestingly, this may be his prep to the Ancient Title, and on for a defense of his BC Sprint crown.				
<b>5<sup>th</sup> RACE</b>				
<b>Tamerin</b>	09/02	DMR/FT 5F	100.0h	
<b>Scratched out of race over the weekend in favor of this spot. Not raced since February and has looked good in the mornings. Looked best in latest in good time while never being asked.</b>				
<b>Perfect Vintage</b>	09/03	DMR/FT 5F	102.0h	
Just and easy gallop in the park for this one strictly of the maintenance variety. Never asked for much and responded accordingly.				

NAME/ COMMENT	WORK DATE	TRK COND	DIST	WORK
<b>Moon Stone Madness</b>	09/04	DMR/FT 4F	49.0h	
Eased away from the three in hand and traveled with interest throughout. Final quarter in 24 1/5.				
<b>Jaws n' Paws</b>	08/25	DMR/FT 4F	48.0h	
Worked with Papa Lev, who has the record for most scratches at the meet along with Vonn Nez. Went in hand outside and finished in 24.2 and out in 101.4.				
<b>Gumption</b>	09/03	DMR/FT 5F	59.0h	
This good looking gray has never really lived up to connections expectations. Always has been a good morning work horse as evidenced by another quality move. Drop in class creates added interest.				
<b>Fairway Road</b>	09/04	DMR/FT 4F	49.0h	
Just cruised from the outset while receiving no encouragement for the duration of the move. Final furlong in 11 4/5.				
<b>Charlie's Princess</b>	08/27	DMR/FT 5F	102.0h	
Solo work in hand and finished decently. Good workhorse.				
	08/21	DMR/FT 5F	60.0hG	
Nice gate drill and finished in full stride late for Tim. Went in 59.4 after making a good run early.				
	08/14	DMR/FT 5F	100.0hG	
<b>Worked in a three set and went from the gate with Point Loma, Fanning barn and one other. 24, 100.3 and 113.2. Did best late and much best.</b>				
<b>Always a Princess</b>	09/03	HOL/FT 5F	60.0hG	
<b>Looked good for Baffert striding out nicely late. Looks and acts like a sprinter. Nicely done here. Follow.</b>				
<b>6<sup>th</sup> RACE</b>				
<b>Warren's Natalie</b>	08/25	DMR/FT 5F	102.0h	
best over Warren's Goodness and finished in 101.4. Workmate was second best in 102.2. Not too much to see.				
<b>She'sawontomato</b>	08/29	DMR/FT 5F	102.0h	
Worked in company with McCarthy's Church Avenue, a winner at the meet and both went under pressure late and in 101.3. both did their best here.				
<b>Meter Me Gone</b>	08/20	DMR/FT 5F	102.0h	
Worked with maiden-claimer Dancing At Dark and went in 102.2 to the wire and mate went out an additional furlong. Not too much to see. Miller is crafty, what you see in the morning is not what you usually get in the afternoon.				
	08/14	DMR/FT 4F	49.0h	
Worked with Offlee's Wild Boys and Night Justice. Finished head and head with Wild Boys here. Finished in 24.2.				
<b>Jack's Glo</b>	08/25	DMR/FT 4F	49.0hG	
Out of the gate with Mi Alma, and two time scratch at the meet, 2yo maiden, Runflatout. Finished under mild pressure inside for Bacorn. Took dirt in the face while sitting right behind on inside.				
<b>Hot Ticket</b>	08/25	DMR/FT 5F	104.0hG	
No match for Canadian Pride, who ran well the other day, and finished in 103.4 and 115.3. Went in 24.4, 37.1, and 50.4. Beaten by five at the half.				
<b>Aleve</b>	08/26	DMR/FT 4F	50.0h	
Mere maintenance for Sherman. Shipped and ran from Pleasanton and just now seems to be getting accustomed to track.				
<b>7<sup>th</sup> RACE</b>				
<b>The Great Atlantic</b>	08/29	DMR/FM 5F	102.0h	
Didn't like her at all here, short striding through the lane on the grass. Looked stiff and body sore. How does this filly get to train on the grass?				
	08/19	DMR/FM 5F	103.0h	
Blasted off from the pole on the grass. Used late, no finish. How is this filly working on the grass per say? She is a claimer.				

# WORKOUT ANALYSIS FOR HORSES RACING TODAY

## BY : BRUNO DE JULIO

### 8<sup>th</sup> RACE

#### Western Mood

08/27 DMR/FT 4F 49.0h

Went in hand and not asked to do much for the "Dorf. Another one that either was a tired horse or didn't handle the track.

08/21 DMR/FT 4F 48.0h

Did the half easy and finished in hand late. Not being asked to do much over the track.

#### Road Ready

08/27 DMR/FT 7F 127.0h

Went from the five furlong pole and worked all way to the ¾ pole in 127 after splits of 102 and 114. Even drill with stamina.

08/13 DMR/FT 6F 114.0h

Threesome set with Road Ready being best over cheapies Classic Bobby, and Lil Tahoma. Bobby won a race here at the beginning of the meet. Went in good manner.

#### Riveting Reason

09/04 DMR/FT 4F 47.0h

Maiden facing winners but nothing unusual for connections who have had some success in this very setting. Appeared comfortable for the drill's entirety and came home with something left despite quick time.

08/25 DMR/FT 5F 102.0h

Showed speed and responded OK in 101.3. Went quickly from the pole.

#### McKenzies Way

08/31 HOL/FT 5F 100.0h

Talked the owners, Jack Sims and trainer Bobby Troeger into running in the Futurity. Supplemented after this work. Went in 25.2 early, relaxing nicely and then stormed home in 34.4. Big late rush. Nice colt.

#### J P's Gusto

09/04 DMR/FT 4F 47.0h

Winner of three straight obviously is not camera shy. Look outstanding for duration of the drill and added distance should not be an issue.

08/29 DMR/FT 6F 114.0h

P.Val up and his usual work for Hofmans. Went evenly late and finished with something left going out in 113.3.

08/22 DMR/FT 5F 102.0h

worked with P.Val and finished in 36.2 and 101.1. Final ¼ in 24.4. Steady drill. Out in 115 flat.

#### Indian Winter

09/04 DMR/FT 4F 49.0h

Appeared to be in cruise control from the outset. Never asked for a hint of run and looked good finishing up in the lane on a full tank.

08/29 DMR/FT 4F 49.0h

Good looker is a nice horse, but not so sure he isn't spinning his wheels on this surface. He may be much better at Hollywood. Nonetheless, he is a good horse.

#### Comma to the Top

09/04 DMR/FT 4F 48.0h

Departed the three in hand and moved with interest for duration of the drill while covering the final furlong in 11 4/5.

08/29 DMR/FT 6F 114.0h

Went in 114.2 and we had the last five furlongs in 101.4. Splits of 12.2, 25.2, 37.4 and finished in 101.4. Final ¼ in 24 flat. Galloped out in 128.4.

### 9<sup>th</sup> RACE

#### Celebration

08/28 DMR/FT 6F 116.0h

Worked solo and didn't impress in 115.4, but this horse has been the rabbit for Always in Style twice and once at this meet. Owned by the same group, minus one, and thus, it is not coupled with Always In Style. Being dropped off this work into a realistic spot.

08/20 DMR/FT 6F 116.0h

Was used as a rabbit last out for Always in Style, despite separate entries, and worked here with He's a Dance Star. Was best and finished in 36.4. Went OK for Warren.

### 10<sup>th</sup> RACE

#### Warren's Rough Luv

09/04 HOL/FT 4F 50.0h

Jumped shadows at the wire and finished the last three furlongs in 37.3. Same rider jumped the same shadow earlier but insisted to have the horse ride the shadow.

#### Tiz Argent

09/04 HOL/FT 5F 59.0h

Sadler let horses roll this morning and this one went strongly despite being all out. Foggy morning, and mist only lifted in the latter stages of the morning. Went in 59 and out in 112 flat.

#### Sammartino

09/04 DMR/FT 4F 50.0h

Easiest of moves and this guy is improving every daily. Look for big effort with the extra 1/16 of a mile in today's heat. Easy maintenance move and well within himself.

#### Real Lucky

08/26 DMR/FT 7F 130.0h

Worked with Shrug and was second best under pressure. Went in 129.3 and outworked by maiden workmate, who really isn't much either.

#### Papa Lev

08/25 DMR/FT 4F 48.4h

Worked from the pole with Jaws N Paws, 5th race, and went in 48.2 inside of mate and finished out in 101 flat for Pappa Abrams.

# DEL MAR FRACTIONAL TIME COMPARISONS

*Today's Racing Digest*

Shown below is the order of finish that would be likely if each horse repeated a representative race. There are many reasons why this may not happen. Foremost of these is that, like humans, horses have good and bad days. Also, today's race may differ from the representative race due to changes in the post position, weight carried, class, track, surface, pace characteristics etc. Nevertheless, plotting and studying times from previous performances is a basic part of handicapping. If the representative race was not on a normal track, the times shown have been adjusted by the track variant applicable. The underlined fractions indicate the leader(s) at that particular point in the race. Except for the LF = Last Fraction, which indicates the fastest closer(s). X = No recent or available time at or about the distance. The date of the selected, representative race is shown followed by a number indicating how many races back it was.

## SIRE TURF, SYNTHETIC and MUD STATS for every horse

For years we have included the win percentages of each sire's first time starters. These stats have helped isolate early winners. The Digest also includes the win percentages for each sire's turf and mud starters. The stats appear after the sire's name in the Breeding line of each horse's comment. In the example below, Deputy Minister's offspring have won 20% of their turf starts, 11% of their synthetic track starts and 17% of their mud starts. For this study, mud is considered any dirt race where the track condition

BREEDING: Deputy Minister (20%T, 11%S,17%M) – Seewillo By Pleasant Colony

was not 'Fast'. The turf win percentage is followed by the letter code 'T' and the mud win percentage is followed by the letter code 'M'. If a horse shows just a single stat, or no statistic, it means that the sire had no corresponding statistic in our turf and/or mud sire studies. In this example (below), Lahib had no Mud Starters and his Turf Starters were winless. Our Turf and Mud studies cover over 10 years of racing, beginning Aug 1, 1989.

BREEDING: Lahib(0%T) – Tragic Point By Tragic Role

**FIRE NUMBER** - For over 25 years, Today's Racing Digest has been producing our Comprehensive Performance Rating, the CPR. While we, of course, are retaining the CPR as well as our other handicapping numbers, we are proud to introduce an all-new rating we call the FIRE number. It stands for Final Race Equation and it's a true speed rating that accounts for a horse's speed during the 'entire' race, not just his final time. We developed the FIRE number with every tool available to us. The projected FIRE number for each horse can be found in the top section of each race under the column headed FIRE NUM. This is the figure to which the horse is projected to run TODAY! When using our new FIRE number, keep in mind that each two points represent approximately one length, regardless of distance or surface. A horse with a 96 FIRE is a half-length better than a horse with a 95 FIRE. A horse with a 97 FIRE is a full length better than a horse with a 95 FIRE. A horse with a 98 FIRE is one-and-a-half lengths better than a horse with a 95 FIRE and so on. It's just that simple. First-time starters and foreign horses will be marked with an 'X'; horses whose ratings are '0' exit very poor performances and lightly-raced horses who seem better than the FIRE number would suggest will get a '?', read this last symbol as 'capable of improvement'. In each horses data box, you can find a Fire number for as many as 10 of its recent races (look for **LAST 10 FIRE** on the right side of a horse's data box). The first number listed would be for the horse's most recent start, the second number for its race two back and the third number from the right for its third race back etc.

THE OSTERMAN FILES  
IT'S JUST ECONOMICS 101

So, just who is Arnold Zetcher and why are horseplayers saying all those terrible things about him?

Well, he's the president of the Thoroughbred Owners of California and horseplayers had to be deeply offended when he was quoted as saying "It's a raise for trainers and jockeys" and, although he didn't say it, for owners as well. Zetcher made this statement (to reporter Steve Anderson of DAILY RACING FORM) about AB 2414, the proposed bill in the state legislature that would hike California's takeout rate 2% on exotic bets featuring two horses (Doubles/Exactas) and 3% on three-horse bets (everything else, including the Pick 6).

Now, Zetcher may be a great guy, a terrific family man and a hoot to have a beer with. But, for horseplayers, whether they be professional or amateur, he's now the Antichrist. It's about the same as Congress voting themselves a raise in pay via a new tax even though the rest of the country is drowning in recession. In tough times, we all have to work together to survive. In case Mr. Zetcher has forgotten (or never knew to begin with), here's the pecking order of descending importance that needs to be preserved in order for this game to keep going:

1. Players -- Without bettors there is no reason for horse racing to exist as more than a way for the idle rich to spend their time and money.
2. Horses -- Players require horses to bet on, simple as that.
3. Owners -- Somebody has to foot the bill to keep them running
4. Management -- Somebody must provide the facility for the races to take place.
5. Jockeys -- Somebody must ride them, although there are times when it may seem the game might function just as well if a drunken monkey was attached to the horse or they just let them run without anybody in the saddle. .
6. Trainers -- Somebody has to be in charge of babysitting the horses. Given the actual work done by many trainers, you might be able to eliminate this category all together and proceed to the next group.
7. Backside help -- Many trainers don't like to get their hands dirty, so they pay others to do it for them. In many cases, these people are the true horsemen, not the name on the official program.
8. Front-side help - People that snarl at you when you make a bet, take your money for bad concessions, lousy parking places and for admission that should be free, etc.

When cuts need to be made, you start at the bottom, not the top. You should never put more pressure on #1 in order to help #3, #4, #5 and #6. It makes no sense. If an increased takeout rate chases one paying customer away, you have to replace him/her with another of equal wagering weight. Anybody seen very many new fans and bettors being created lately? Hell, they're already running away like scared rabbits.

Look at it this way: A guy plays almost every day (let's say 200 days a year) and bets on the average \$1,000 a day (not that hard to do if you cash some tickets). At 18% (we'll average the current straight bet and exotic takeouts), that's \$36,000 a year he's investing in your business, even without counting the other stuff (parking, admission, etc.) that he may be paying for. Make it 10 players who quit and you're looking at \$360,000. Make it 100 and it's \$3,600,000 that you're losing. And what about those who put an average of \$5,000, or more, through the windows each day? Upping the takeout 2% or 3% isn't going to make up the difference unless you suddenly create a whole bunch of new bettors with fat bankrolls. Shouldn't you treat this guy like a god and not the biggest dunderhead on the planet?

It doesn't matter what the rates are in other states. Some players are going to go elsewhere (even to a place with a higher take) because the racing may be better or they're just plain mad. Owners, trainers and management have always treated racing fans like dirt. They expect them to come back and keep coming back, even when they charge more for a product that isn't nearly as good as it once was.

Owners like Arnold Zetcher can't see the forest for the trees. It's their trainers who are bleeding them with exorbitant day rates and inflated vet bills. They need to work it out with them and then the trainers need to work it out with the vets and other suppliers or the game will be deader than my Aunt Minnie. Gouging the bettors (again) is not the answer. Hey, the bettors are number one on the pecking order. Or at least they should be.

What California needs is fewer racing dates and a lower takeout. Fewer days would lead to a better product which, in turn, would lead to a higher handle. That's how they do it in Japan, Hong Kong and Europe where racing continues to flourish. Charging more for a bad product gets you flunked in anybody's Economics 101 class.

## RACE APPRAISAL

**ANALYSIS:** Lost Prophet set the pace off the claim and drew off to a big win vs. \$32,000 Maiden-Claimers at seven furlongs July 29. She tries the turf and routing for the first time, but there doesn't appear to be much early speed lined up and the trainer stats are easy to like. **Prophet** may be tough to catch right back as the HF 15a. **Rising Honour** won her comebacker vs. \$25,000 non-winning sprinters Aug 21. She co-tops the charting off her 2nd in a turf route Nov 4 and appears spotted to win right

back. **Misinjennuous** co-tops the charting off her 8th vs. NW1 Optional Claimers Aug 14. That was her first off the claim for the leading barn and her numbers continue to move forward. **Ruby Lane** just missed in a like event Aug 6. Her barn has struggled with turf routers, but she seems difficult to rule out. **Analysis by Jon Shonk**  
**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Misinjennuous :23.7 - Secret Oath :23.8 - Rising Honour :24.2

## HORSE COMMENTS

**Rising Honour** won her 2010 debut vs. \$25,000 Maiden-Claiming sprinters Aug 21. She earned minor awards in her two turf routes last year and her Nov 4 effort plots on top. The filly appears to merit contender status.

**Lost Prophet** set the pace and drew off to a big win vs. \$32,000 non-winning sprinters July 29. She has yet to route or race on grass, but appears to catch a field with little early speed and she could prove dangerous on the front end.

**Tiz a Bud Girl** was 7th in a turf route vs. Cal-bred straight Maidens July 24, then beat \$40,000 Maiden-Claiming routers Aug 4. Her numbers are going the right way for winning connections and she might rate another chance on turf against this kind.

**Warren's too Cool** finished 5th in a like event Aug 6. She could improve now that she has recency and P. Val sticks with her. However, her numbers are soft and looks like an outsider on paper.

**Ruby Lane** just missed in that Aug 6 affair. She shows a rising numbers pattern, plots close and could move forward now that she has turf experience. Mark her a contender.

**The Great Atlantic** rallied for 3rd in the common Aug 6 event. She earned solid Final Time Ratings in her previous two starts, but those were around one turn and we'll limit her to another minor award.

**Misinjennuous** was overmatched off the claim vs. NW1 Optional Claimers Aug 14. However, she co-tops the charting off that one which suggests she will appreciate the drop to this level. Her numbers are going the right way as well.

**Secret Oath** earned her diploma vs. \$25,000 Maiden-Claiming routers Aug 5. She was 5th on turf July 5, but seems headed in the right direction and could make an impact in her third start off the layoff.

**Miss Edyta** finished 7th in her first start this year vs. \$20,000 soph sprinters Aug 14. She won a synthetic route last year Oct 15 and is bred to like the turf. However, her numbers are soft and a win would be a surprise.

## RACE APPRAISAL

**ANALYSIS:** To say that **J P's Gusto** is easily the most-accomplished horse in the lineup and even that seems an understatement, as he's won three consecutive Stakes, the last two Graded Stakes. He's improved his numbers as the distances have increased and that's tough for a 2-year-old to do. He won the Grade 2 Best Pal here when he found himself on the engine and he may be better when able to settle in the second flight. He's been working long and hard since raced and is strictly the one to beat today. Jerry Hollendorfer sends out both **Western Mood** and **Indian Winter**. 'Mood' was lapped on 'Gusto' through the stretch in the Grade 3 Hollywood Juvenile July 5, but could never get by him and was losing ground late. He returned to test 'Gusto' again in the Best Pal, raced closer to the pace and lacked the needed rally. He's trained steadily since then and is an obvious contender, but 'Winter' does nearly as well on paper off

his Aug 21 debut score over **Jaycito**, has trained forwardly since then and Bejarano returns. He finished last time as if this longer trip will suit him. **Jaycito** draws the rail again and that may compromise his chances, but he, too, deserves a chance to improve. Alex Solis flies in to see the family with Saratoga closed and picks up the mount on **Riveting Reason**. That one looked like a winner until the bias did him in Aug 14. The son of **Fusaichi Pegasus** should relish the added distance and is the upset threat. **Road Ready** has been off since a June 12 debut win up north, but has trained for this longer trip and is another with odds-beating potential.

**Analysis by Rick Lochner**

**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: J P's Gusto :38.1 - Indian Winter :38.2 - McKenzie's Way :38.4

## HORSE COMMENTS

**Jaycito** drew the rail in a field of six debuting Aug 21, broke well enough to set a pressured pace and drew off around the turn only to get run down by Indian Winter. He's worked six furlongs since raced, but draws the rail in a fuller field and Garcia may be forced to send him again.

**Riveting Reason** is another non-winner. He pressed the pace and opened up a clear lead into the stretch Aug 14, but rally-wide types had the best of it that day and he was collared late. Cho flies Alex Solis out to ride and this one worked a fast half-mile on Saturday.

**McKenzie's Way** set a pressured pace before drawing off entering the stretch in career start #2 Aug 7. P. Val understandably sticks with J P's Gusto, but this one plots close and the barn has had a super meeting. He's worked twice raced and should handle the extra distance.

**J P's Gusto** ended up on the front end in the five-horse Best Pal Aug 8 after stalking the pace in his two previous wins at Hollywood Park. There is enough pace to allow him to stalk should P. Val opt to let him settle. He's bred to sprint and this 7F trip may be his distance limit (that or a one-turn mile).

**Just Imagine** is another non-winner. He was one-paced throughout when a troubled-in-the-stretch 4th Aug 14. Rosario doesn't return, but this one showed enough run to suggest that he has ability and the extra distance should be no problem for this son of Unbridled's Song.

**Major Art (GB)** is in from England via France where he last started in a sprint Stakes at Deauville Aug 15. He showed tactical speed going seven furlongs on the grass. May prove a miler over here and is running fresh off

the plane for a trainer who has never gotten an imported horse before. However, Kruljac won't have to do much more than put on the saddle (he's having a stellar meeting as it is). Watch the betting.

**Western Mood** drew alongside J P's Gusto turning for home in the Hollywood Juvenile July 5 and could not go post and could only chase that one before weakening in the Best Pal. He's trained very steadily since then and may have bounced a bit last out. Rosario sticks with him.

**Indian Winter** is bred to win early as a son of Indian Charlie and did just that as he ran down Jaycito to score as the bet-down favorite debuting Aug 21. Hollendorfer has kept him shape with back-to-back half-mile moves to suggest that Hollendorfer believes he got plenty out of the race.

**Comma to the Top** was briefly a pace factor in the Best Pal Aug 8, but couldn't stay with the leading pack. He'd be a surprise.

**Road Ready** has been freshened since rallying to beat Maidens at Golden Gate June 12. He takes the place of stablemate Sway Away, who has been sidelined since running 2nd as the favorite in the Best Pal Aug 8. He shows a 6F and a 7F work in preparation for this and drilled from the gate Sept 3 to get a little reminder about what will happen today. He's got upset potential.

**Gahnzo Bob** is the last of the non-winners signed up and he gets blinkers after showing 'chasing speed' July 31. He should get the trip as a son of Dehere, but shows only two 5F works since raced and would be a big surprise.

## \*\*\* DIGEST POINTERS \*\*\*

Common Handicapping Factors (HF's) used in Today's Racing Digest

While picking winners is everybody's #1 goal, not everyone likes to spend the entire day pouring over a bunch of stats and figures that are about as easy to understand as a calculus exam. So, how exactly can you get a decent grasp of who the main contenders are in each race, and still have time to down a few refreshments and catch some rays? We here at Today's Racing Digest just may have the answer, as we identify both the contenders and the pretenders with what we refer to as Handicapping Factors. Listed below are the most common

HF's that you will find in the Digest, and if you have trouble finding where these figures are listed, just look up at the top of each race page and you'll locate them in Column 8, which appropriately enough is entitled 'Handicapping Factors'. Good luck, and if you win, just consider it dinner on us.

**HF 2:** This is a horse that we feel is about as close as you can get to a 'sure thing'. The price likely won't be great, but if you just want a winner, this is the number to look for.

**HF 15:** This number goes to horses that look like a winner, and are extremely likely to hit the board (i.e. run first, second or third). More often than not, horses with a 15 designation will earn you enough money for a hot dog, but if you happen to see a 15 attached to a horse that is 3/1 or better on the tote board, then he's a pretty good 'value' bet as well.

**HF 15a:** The most common of the Digest 'push' factors, this number basically means that the handicapper likes this horse, but not as much as an HF 2 or HF 15. Basically, the horse has a good chance to win, but please don't bet your rent money on the win end.

**HF 20:** The longshot play. This popular number designates a runner we feel may be ready for a winning effort at odds that are likely to be 6-1 or higher. It's not as high a percentage of a play as the other HF factors, but the reward more than justifies the risk when they win.

**HF 19:** We use this number to point out horses who should show improvement in today's race.

**HF 21:** Certain horses entered in a race may have run well under similar conditions. When you see a 21, that means the horse seems to fit well in that race.

## RATING PERFORMANCE

A horse's performance can be rated in any number of methods, from final time to pace. The Digest offers four performance ratings: The FIRE number, our newest rating, the Pace and Final Time Ratings, found in each horse's Data Lines; and the CPR, our original performance figure. For all of these ratings, the higher the rating, the faster the horse is. Here's a quick rundown on what each rating figure means:

**FIRE:** The FIRE number is a figure based on a horse's speed through the whole race. This number is based on a 100 par, where our other figures are based off a 150 par.

**CPR:** The CPR is based on a horse's final time rating, as well as his relative early position in the race. The CPR, with its pace Component built in, tends to favor horses with a good mix of speed and stamina. If, a frontrunner and pace-presser were to deadheat for the win, the pace-presser would likely earn the better figure. And, since pace-pressers tend to win more than their fair share locally, this bias works well in California.

**PACE RATING:** The pace rating measures early speed by comparing each horse's early fractions against our track pars. This is a good separator when judging the likely pace of a race.

**FINAL TIME RATING:** This measures a horse's final time against our track pars, with the daily track variant factored in. A horse equalling the track par for the distance would earn a 150 Final Time Rating. Three points are deducted for each length slower than par.

## RACE APPRAISAL

**ANALYSIS:** Phone Marybe has finished 4th in two straight at the NW2L \$25,000 level. She plots close off her Aug 1 effort, has tactical speed and P. Val takes the call. She could move forward today and we'll give Marybe the HF 15a. Glass Of Red tops the charting off her lone sprint in this country March 5. She has earned minor checks in five straight turf routes and is another who should appreciate the drop in class. Fair Chase was a pace factor only in the common Aug 1 sprint. She could

improve with recency, though, and Rosario has ridden her in the past. Miss Seamless charts well off her last start when 6th vs. \$50,000 turf sprinters March 12. Her barn does good work with comebacks and we'll tab the tote for clues as to her readiness. **Analysis by Jon Shonk**  
**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Glass Of Red :23.2 - Celebration :24.8 - Dancing Lauren :25.0

## HORSE COMMENTS

**Phone Marybe** has finished 4th in two straight vs. NW2L \$25,000 sprinters at the meet. She plots close off her Aug 1 effort, has tactical speed and the drop in class can only help. Mark her a contender.

**Fair Chase** finished 8th as the favorite off the bench vs. NW2L \$25,000 types Aug 1. The frontrunner may have needed that one, Rosario sticks with her and she may show more stick at this level.

**Celebration** is a 6-year-old who was 7th in a NW1 Allowance turf route Aug 8. She was 5th at this level July 11 and those 98 Final Time Ratings plots in the middle. We'll look elsewhere for the winner.

**Misty Miss Joanna** earned the same 92 Final Time Rating when 8th at this level Aug 7 as in her \$25,000 Maiden-Claiming win July 2. That likely will not get the job done today and she may be a pace factor only.

**Lyphard's Dancer** is an 8-year-old who has not been seen since her 9th at this level Sept 2, 2009. She has five works since July 28 and the blinkers come off, but a win still seems highly unlikely.

**Pedo Viejo** was a decent 5th in a similar event Aug 7. That makes her a class fit, but not a strong win threat.

**Gotham Spirit** has been knocking on the door in five straight vs. this kind. Espinoza sticks with her, but the numbers suggest another minor award is likely her limit.

**Champagne Snob** makes her 2010 debut with four drills since July 30. She was awful in her last two starts and won her debut at Fairplex. Might this be a prep for that upcoming meet?

**Miss Seamless** finished 6th in her first start against winners at the \$50,000 level March 12. Off since, she has four works since Aug 2 and that race plots close. She should find these much easier and rates tote and paddock checks.

**Glass of Red (IRE)** has earned minor awards in five straight turf routes. She tops the charting off her lone sprint in this country which was on turf March 5. Kerwin John got a win on Saturday and the filly could look improved today if she handles the surface.

**Tribul Witch** just missed in a like event Aug 25. She plots for a share off that one and as the one to catch, but with 11 losses we'll use her in the exotics only.

**Dancing Lauren** earned her diploma with the blinkers on move against \$25,000 non-winners Aug 6. That was a low-rated event, though, and she likely needs to move forward a few lengths to make it two straight. At least Bejarano rides back.

## RACE APPRAISAL

**ANALYSIS:** Another Del Mar season comes to a close following a record Pick 6 and rumors that the Oak Tree meeting (and a possible Breeders' Cup) might be coming to Del Mar. The Oak Tree meeting is staying in L.A. at least thru next year, so racing ends for San Diego until next July. The Polytrack debate continues and may increase after Santa Anita returns to real dirt for its winter meeting. The John Sadler-Joel Rosario team had a huge final week with routers and it would be appropriate to find them back in the winner's circle posing with **Tiz Argent**. The comebacker showed ability in two starts last winter, is by a budding turf sire (Tizbud) and his work tab suggests that he's more than fit to win a route. He plots on top and lands the HF 15. **Tribal Nation**, **Sammartino** and **Marino's Star** ran 2-3-4 under these conditions Aug 18. **'Nation** is lightly-raced and

improving, while **Sammartino** is always close, but seems content to nibble. **'Star**, however, was likely best that day, but his rider could never find a way thru (or around) a wall of horses and ended up beaten less than two lengths. Let's make him the first alternative. **Papa Lev** is stretched back out and gets Bejarano. He could be underrated on paper. Racing picks up tomorrow at the L. A. County Fair, where 100-degree temperatures are the norm and the horses race on real dirt. It's fun racing and everyone should check it out (especially if you can take in a day at Pomona. It's a lot of fun and very different atmosphere). **Analysis by Rick Lochner**

**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Tribal Nation :29.0 - Warren's Rough Love :29.4

## HORSE COMMENTS

**Kessabtsi** is a son of Unusual Heat getting a chance on the grass and that's never a bad idea. He showed more speed when dropped in for a tag in start #2, but is a question mark on the stretch-out, especially with the step back up in class.

**Absolutlypositivly** was outfinished after rallying to the lead when dropped in class and stretched back out Aug 19, his second start as a gelding. He's been part of the Trifecta in nearly half of his races and can handle the grass. He could impact the exotics despite the bump back up in class.

**Papa Lev** was shortened up Aug 14 following three consecutive turf routes and failed to fire. He's a fit off his July 16 effort at Hollywood Park and Abrams is overdue for a little racing luck. The move to Bejarano can't hurt.

**Sammartino** set the pace and held gamely when stretched out for the first time Aug 18. He was nipped for 2nd by Tribal Nation and has now finished 2nd or 3rd in all five starts in 2010, though, so his will to win is suspect. He's an obvious Exacta/Trifecta horse, though.

**Warren's Rough Luv** is reunited with apprentice Velazquez, who put this one on the front end July 28. He held on gamely that day and that may be the way he wants to be ridden (Mike Smith tried to rate him Aug 18). He's a class fit at the very least.

**Tiz Argent** is a comebacking third-timer who ran well in two starts on the main track at Santa Anita last winter. Sadler followed up four 6F works with a solid 5F drill Sept 4 and he plots right on top. He should be plenty fit and figures as a huge threat under Rosario.

**Tribal Nation** has improved with each start and just missed in turf route #2 Aug 18. There should be enough pace to set up his late run and "Flores in the last" is a get-out strategy that's paid dividends for years.

**Marino's Star** had a horrible trip behind neighbor Tribal Nation when stretched out for comeback start #2 Aug 18, as he was steadied repeatedly while trying to find a seam. He could move way up with better racing luck.

**Real Lucky** raced evenly debuting around one turn Aug 14. He doesn't have any obvious turf route bloodlines, but the way he ran that first one suggests that he'll run on.

**Jump On Board** ran off to a long early lead when sent long and switched to the grass Aug 19 and gave way into the stretch. That's not a great start to a turf career and his previous races were poor, too.

**The Unusual One** is stretched back out for comeback start #2 and is likely to show speed again. He just missed with similar in his July 28 return here and fits off that one. An outside post may cause him to be caught wide throughout, though.

**Franconi** is a first-time router whose career has stalled since he ran on for show dough in his June 18 sprint bow.

## HF EXPLANATION

(Column 8 on each race page contains the following numbers that refer to these factors.)

1	<b>FIRST TIME STARTER</b> - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.	15a	<b>IN-THE-MONEY</b> - This horse appears to have most of the elements suitable for an in-the-money performance.
2	<b>LIVE HORSE</b> - It appears this horse is ready for a top performance.	16	<b>LONG LAYOFF or RECENCY</b> - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
3	<b>DISTANCE CAPABILITY</b> - This distance may present a problem for this horse.	17	<b>LEG WRAPS</b> - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
4	<b>EQUIPMENT CHANGE</b> - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.	18	<b>AGE</b> - The age of this horse is not consistent with that of his competition. A young horse against mature horse or a particularly old horse against younger horses may be at a disadvantage.
5	<b>TROUBLE PRONE</b> - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly etc. This one seems to be that type.	19	<b>IMPROVING</b> - This horse seems to be improving or should improve in this field.
7	<b>INSIDE POST POSITION</b> - This inside post position may cause a problem for this horse at this distance.	20	<b>LONGSHOT</b> - Some indicators that are present when horses surprise with a good performance at high odds are noted.
8	<b>OUTSIDE POST POSITION</b> - This outside post position may cause a problem for this horse at this distance.	21	<b>FITS RACE</b> - This horse seems to fit this race.
9	<b>PACE</b> - The probable pace or speed in the early part of this race may not be suitable to the racing characteristic of this horse.	21c	<b>FITS RACE</b> - This horse seems to fit this race except for class.
10c	<b>HIGHER CLASS</b> - This horse is being tried at a higher level.	21d	<b>FITS RACE</b> - This horse seems to fit this race except for the distance.
10d	<b>LOWER CLASS</b> - This horse is being tried at a lower level.	21r	<b>FITS RACE</b> - This horse seems to fit this race except for a lack of recency.
11	<b>FEMALE vs. MALE</b> - Since it usually takes a better-than- average female to beat an average male, there could be a problem here	22	<b>CONDITIONS HORSE</b> - The conditions for eligibility are ideal for this horse.
12	<b>FOREIGN RACES</b> - Previous races for this horse were out of this country. It is difficult to appraise them.	23	<b>WORK READY</b> - Previous patterns and/or special circumstances make recent works very important here.
13	<b>RELEASED FROM CLAIMING JAIL</b> - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').	24	<b>SURFACE</b> - The type surface for this race may not suit the horse.
15	<b>IN-THE-MONEY</b> - This horse appears to have all the elements suitable for an in-the-money performance.	25	<b>BETTING</b> - If the betting on this horse is heavier than expected contention is likely.
		86	<b>VETO</b> - There is no justification for a win to be expected

1. **FIRST TIME STARTER** - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.

2. **LIVE HORSE** - It appears this horse is ready for a top performance.

3. **DISTANCE CAPABILITY** - This distance may present a problem for this horse.

4. **EQUIPMENT CHANGE** - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.

5. **TROUBLE PRONE** - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly, etc. This one seems to be that type.

6a. **WEIGHT** - This horse is carrying enough weight to cause a problem.

6b. **WEIGHT** - This horse is carrying little or less weight. It may be an advantage.

7. **INSIDE POST POSITION** - This inside post position may cause a problem for this horse at this distance.

8. **OUTSIDE POST POSITION** - This outside post position may cause a problem for this horse at this distance.

9. **PACE** - The probable pace or speed in the early part of this race may not be suitable to the racing style of this horse.

10c. **HIGHER CLASS** - This horse is being tried at a higher level.

10d. **LOWER CLASS** - This horse is being tried at a lower level.

11. **FEMALE vs. MALE** - Since it usually takes a better-than-average female to beat an average male, there could be a problem here.

12. **FOREIGN RACES** - Previous races for this horse were out of this country. It is difficult to appraise them.

13. **RELEASED FROM CLAIMING JAIL** - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').

14. **WORKOUTS** - Horsemen vary in their training methods and horses vary considerably in their requirements for conditioning, hence, while workouts give some indication of a horse's fitness, they can be greatly influenced by the training methods being employed. Therefore, reliance on the speed of workouts may be dangerous, as may be the case here.

15. **IN-THE-MONEY** - This horse appears to have all the elements suitable for an in-the-money performance.

15a. **IN-THE-MONEY** - This horse appears to have most of the elements suitable for an in-the-money performance.

16. **LONG LAYOFF or RECENCY** - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.

17. **LEG WRAPS** - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.

18. **AGE** - The age of this horse is not consistent with that of his competition. A young horse against mature horses or a particularly old horse against younger horses may be at a disadvantage.

19. **IMPROVING** - This horse seems to be improving or should improve in this field.

20. **LONGSHOT** - Some indicators that are present when horses surprise with a good performance at high odds are noted.

21. **FITS RACE** - This horse seems to fit this race.

21c. **FITS RACE** - This horse seems to fit this race except for class.

21d. **FITS RACE** - This horse seems to fit this race except for the distance.

21r. **FITS RACE** - This horse seems to fit this race except for a lack of recency.

22. **CONDITIONS HORSE** - The conditions for eligibility are ideal for this horse.

23. **WORK READY** - Previous patterns and/or special circumstances make recent works very important here.

24. **SURFACE** - The type of surface for this race may not suit the horse.

25. **BETTING** - If the betting on this horse is heavier than expected contention is likely.

86. **VETO** - There is no justification for a win to be expected.

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and ("L") signifies a first-time Lasix user. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old if the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one if the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, R=shadow roll, RW=rear wraps, FW=front wraps, 4W= four wraps, G=goggles
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horse's last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times run by horses at today's particular class level.
29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances. Trouble notes follow each horse's comments. (This feature may not be included in some issues.)
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3rd the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done on today's surface and at today's track. We list the record as starts, wins, 2nd, 3rds.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board").
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track paces and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, paces and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, r=shadow roll, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).

## RACE APPRAISAL

<b>29</b> ANALYSIS: All six of these plot within less than three lengths at the wire, and they appear about that hard to separate. Looking for a price, we have some interest in <b>Warrens Stormalert</b> as a potential improver. He was ambitiously placed in the Snow Chief Stakes April 25, his first as a winner and first route, and, though he faded toward the rear, the effort figures OK	with these. Low-profile connections should prompt some decent odds, so he's the HF 20 (longshot).
<b>30</b> CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Green Card James :31.0 - Benezit :31.3 - Troubletimethree :31.	

## HORSE COMMENTS

<b>31</b> Troubletimethree has usually run pretty well in five starts at this level, but was favored in three of them and finished farther back than usual April 15. He charts in the hunt, but he seems to have a bit to prove. NOTES: Outrun April 15. Mild rally March 18. Mild wide rally Feb 19. Lacked racing room entering the stretch Jan 25.	<b>Warrens Stormalert</b> is bred to route, but the April 25 jump up to the Snow Chief Stakes for his first try with winners and initial route was pretty ambitious. He tracked a Lone 'F' leader and faded badly. Still, the effort gives him a shot on paper, so he can't be denied a chance on the drop. NOTES: Wide around the first turn, chased and tired April 25.
