Race Summary

HIGH CHAPARRAL (IRE) tucked in behind the early leaders, was rated between horses for a mile, waited patiently for room while between horses on the turn, split rivals while just inside WITH ANTICIPATION to launched his bid at the top of the stretch, surged to the front in mid stretch then edged clear under brisk right hand urging. WITH ANTICIPATION taken in hand early, was unhurried for seven furlongs while four wide, continued wide while launching his bid on the turn then finished well from outside but couldn't overtake the winner. FALCON FLIGHT (FR) raced in the middle of the pack while saving ground along the backstretch, waited briefly for room along the inside through the turn, angled out to get clear in upper stretch then rallied belatedly. THE TIN MAN sprinted clear soon after the start, was shaken up while attempting to prop going under the wire the first time, set the pace along the inside to the top of the stretch, maintained a clear lead into upper stretch then weakened from his early efforts. DENON raced in close contention along the inside into upper stretch and lacked a strong closing bid. GOLAN (IRE) broke slowly, checked slightly along the inside entering the stretch the first time, trailed to the turn then lacked a strong closing response. BALLINGARRY (IRE) chased the pacesetter from outside to the top of the stretch and tired. PERFECT SOUL (IRE) moved into contention while four wide along the backstretch, raced within striking distance to the turn then faltered.

Brisnet.com users love the Instant Charts which are available online for the past two weeks of racing, but now handicappers can go back in time and research old charts! We've archived all the Instant Charts dating back to February 1, 2001, and they are now available any time you need access to them.

Instant Charts provide all the running lines, exotic payoffs with pools, times in both hundredths and fifths, detailed race summary with chart caller's comments, complete race conditions, as well as listings of every owner, breeder and trainer in the race. You'll have everything you need to analyze what happened in a given race.

Handicapper's Application

See a trouble line in the PPs of a horse that you want to learn more about? Tap into the Charts Archive and find out how the race was run and what happened to this particular runner. Not sure why a horse ran poorly? Look up the old chart for a better explanation.

Maybe you're considering a horse today that closed to run second last time out. By viewing the result charts for that day's races, you may see that the winner won wire to wire and early speed was favorable for the entire card. The conclusion: this horse's 2nd place finish is even stronger than it appears in the PPs. He was racing against the bias and lost to a horse loose on the lead. Now you can wager on the horse with more confidence, knowing something 99% of the public is unaware of.

FAQ's about Stable Alert

Q. How can STABLE ALERT aid my handicapping?

By allowing you to easily track horses to watch, you'll never miss the next time a horse is entered. Maybe you saw a horse have a bad trip and finish better than it looks. Simply enter his name into your Stable Alert account along with any pertinent notes regarding this runner. We will notify you by email the next time this horse is entered anywhere in the country. It's that simple. You'll be amazed what this can do for your bottom line.

Q. What does STABLE ALERT cost?

Tracking the entries and results of trainers or horses is absolutely free. The Carryover Watch for exotics is also free. Watching for the progeny of any stallion is \$.35 for each day the sire is in your Stable Alert account. The cost for a dam is only \$.10 each day.

Q. What about the STABLE TODAY feature?

Stable Today is a clickable link from the Stable Alert page (www.brisnet.com/stablealert). This unique section allows you to easily create a custom Past Performances report for the horses in your stable that are entered on a given day. For example, let's say on Wednesday, Dec. 11 that you have four horses from your stable entered to run. With just a few clicks on the Stable Today page, you can easily create PPs for just those four races. This feature is powered by Brisnet.com's Custom Card tool, and regular PP charges apply.

GRAND OPENING

Brisnet.com Handicapper's Hall of Fame

Racing's first museum devoted exclusively to handicapping is now finally open - the **Brisnet.com Handicapper's Hall of Fame** (BHHF). Our mission is put to the spotlight on racing's unsung hero - the horseplayer. We will celebrate your successes at the track and share your secrets on handicapping. The Hall is a shrine to great handicappers around the world.

Election to the BHHF is a great honor. The award recognizes racing's best handicappers and details their accomplishments. Self-nomination for enshrinement into the Hall can be made by any Brisnet.com member. The nominee's accomplishments are reviewed by the Selection Committee and, if approved, the nominee is inducted into the Hall of Fame.

Every month new handicappers will be added to the Hall of Fame. Players enshrined will be honored with their own page on the Brisnet.com site and receive a Hall of Fame certificate. The page will contain the player profile, photo, back-

ground, as well as their insights on handicapping. More importantly, the pages will serve as both an inspiration and an educational tool for horseplayers everywhere.

The establishment of the BHHF is a long overdue acknowledgement and celebration of an integral part of racing - the horseplayer. Please join us now as we salute the first Hall of Fame class of the Brisnet.com Handicapper's Hall of Fame.
